GROUP DENTAL PLAN BENEFITS OUTLINE & SUMMARY PLAN DESCRIPTION

Welcome to Delta Dental of Idaho.

This Benefits Outline & Summary Plan Description describes the benefits of this Plan in general terms. It is important to read the Plan in full for specific and detailed information that includes additional exclusions and limitations on benefits. Please note: This Benefits Outline & Summary Plan Description is a summary description of your dental care benefits and may not contain every plan provision.

In this Benefits Outline & Summary Plan Description, the terms, “you” and “your” and “participant” refer to the enrolled employee. The terms “we”, “us”, and “our” refer to Delta Dental of Idaho, the Contract Administrator of the Plan.

Delta Dental of Idaho offers access to one of the largest dental networks in Idaho and across the nation. The Plan is easy to use and cost effective. If you choose a participating dentist from the Delta PPO or Premier Dental Directory, which is located by visiting www.deltadentalid.com, all of the paperwork takes place between our office and your dentist’s office. For travelers and employees outside Idaho, Delta Dental provides national network access as well.

When you need dental care you may use any dental provider. However, there are differences in reimbursement by Delta Dental for Contracting Providers and Non-contracting Providers. To receive the best network discounts and contractual protection our PPO network is your best choice.

Throughout this Plan, Delta Dental of Idaho may be referred to as DDI. For Covered Services under the terms of this Plan, Maximum Allowance is the amount established as the highest level of compensation for a Covered Service. There is more detailed information on how Maximum Allowance is determined in the Definitions Section.

If you have any questions about your plan, please contact Delta Dental of Idaho’s Customer Service Department at 208-489-3580 or 800-356-7586.

HOW TO SUBMIT CLAIMS

A Participant must submit a claim to Delta Dental of Idaho (DDI) in order to receive benefits for Covered Services. There are two ways for a Participant to submit a claim:

1. The Provider can file the claims for the Participant. Most Providers will submit a claim on a Participant's behalf if the Participant shows them a DDI identification card and asks them to send DDI the claim.
2. The Participant can send DDI the claim.

To File A Participant's Own Claim

If a Covered Provider prefers that a Participant file the claim, here is the procedure to follow:

1. Ask the Dentist or other Covered Provider for an itemized billing. The itemized billing should show each service received and its procedure code and its diagnosis code, the date each service was furnished, and the charge for each service. DDI cannot accept billings that only say "Balance Due," "Payment Received" or some similar statement.
2. Obtain a Dental Claim Form from the Provider or from DDI, and follow the instructions. Use a separate billing and Member Claim Form for each patient.
3. Attach the billing to the Dental Claim Form and send it to:

Delta Dental of Idaho
P.O. Box 2870
Boise, ID 83701

For assistance with claims or dental benefit information, please call Delta Dental of Idaho's Customer Service at (800)-356-7586 or (208) 489-3580.

How Delta Dental of Idaho Notifies The Participant

DDI will send the Participant an Explanation of Benefits (EOB) as soon as the claim is processed. The EOB will show all the payments DDI made and to whom the payments were sent. It will also explain any charges DDI did not pay in full. Participants should keep this EOB for their records.

DENTAL BENEFITS

This section specifies the benefits a Participant is entitled to receive for the Dental Covered Services described, subject to the other provisions of this Plan.

I. Benefit Period And Benefit Limits For Covered Services

The Benefit Period and the Benefit Limits are shown in the Benefits Outline.

II. Covered Providers

The following are Covered Providers under this section:

- Dentist
- Denturist

III. Deductibles

The individual Deductible amounts are shown in the Benefits Outline.

IV. Predetermination of Benefits

A recommended Dental Treatment Plan should be submitted to DDI for a Predetermination of Benefits before treatment begins if this Plan includes one (1) or more of the following procedures:

- | | |
|-------------------------------|--|
| A. Bonding Procedures | B. Bridgework |
| C. Crowns | D. Full or Partial Dentures |
| E. Inlays/Onlays | F. Laminate Veneers |
| G. Periodontal Surgery | H. Surgical Removal of Impacted Teeth |
| I. Implants | |

The Dental Treatment Plan must be accompanied by supporting preoperative x-rays and any other appropriate diagnostic materials requested by DDI or the Dental Consultant(s).

DDI will notify the Participant and his or her Dentist of the benefits available based upon the Dental Treatment Plan. In determining the amount of benefits available, DDI or the Dental Consultant(s), on behalf of the Plan Administrator, considers whether alternate procedures would accomplish a professionally satisfactory result. If the charges or fees for the treatment chosen by the Participant and his or her Dentist exceed the charges or fees for the treatment DDI has determined will accomplish a professionally satisfactory result, then DDI, on behalf of the Plan Administrator, will only provide benefits based on the charges or fees for the less costly treatment.

If a Participant submits a claim for completed treatment that includes services in the above listed categories, and benefits have not been predetermined by DDI, the claim is reviewed in the same manner as if it were being submitted for a Predetermination of Benefits. DDI or the Dental Consultant(s), on behalf of the Plan Administrator, will consider whether alternate procedures would have accomplished a professionally satisfactory result. If the Participant and his or her Dentist have chosen a more expensive method of treatment than is determined professionally satisfactory by DDI, the excess charge is solely the responsibility of the Participant, whether services are provided by a Contracting or Non-contracting Provider.

A Predetermination of Benefits is valid for three (3) months from the date it is issued. After three (3) months, a Dental Treatment Plan may be resubmitted for a new Predetermination of Benefits before treatment begins. All Predetermination of Benefits will be processed without taking into consideration dental benefits that may be paid under another certificate of insurance.

V. Amount of Payment

Except as stated elsewhere in this Plan, DDI will pay benefits for Preventive, Basic, and Major Dental Covered Services after a Participant has satisfied his or her Deductible, if applicable. The reimbursement schedule is shown in the Benefits Outline.

Benefits for Orthodontic Services are paid as follows:

1. DDI will pay benefits on the patient's initial banding.
2. Thereafter, DDI, on behalf of the Plan Administrator, will pay benefits up to the Orthodontic Lifetime Benefit Limit as Covered Services are performed so long as the Participant continues orthodontic treatment and remains covered under this Plan.

A. Dental Services Outside Idaho

DDI provides national network coverage in all 50 states including the District of Columbia and Puerto Rico. For Dental Covered Services furnished by a Dentist outside the state of Idaho, DDI will provide benefit payments according to the following:

1. If the Dentist has a PPO or Premier agreement for claims payment with the Delta Dental plan in the area where the Covered Services were rendered, DDI will base the payment on the local plan's payment arrangement and allow In-Network benefits.
2. If the Dentist does not have a PPO or Premier agreement for claims payment with the Delta Dental plan in the area where the Covered Services are rendered, DDI will base the payment on the Maximum Allowance and allow Out-of-Network benefits.

The Dentist is not obligated to accept the Maximum Allowance as payment in full. DDI, or the Plan Administrator is not responsible for the difference, if any, between DDI's payment and the actual charge, unless otherwise specified. Participants are responsible for any such difference, including Deductibles, Cost-sharing, Copayments, charges for non-covered services, and the amount charged by the Dentist that exceed the Maximum Allowance.

B. Dental Services From A Contracting Dentist

A Contracting Dentist rendering Covered Services as provided in this section shall not make an additional charge to a Participant for amounts in excess of the Maximum Allowance except for Deductible, Cost-sharing, and charges for non-covered services, if any.

C. Dental Services From A Non-contracting Dentist

A Non-contracting Dentist is not obligated to accept the Maximum Allowance as payment in full. DDI or the Plan Administrator is not responsible for the difference, if any, between DDI's payment and the actual charge, unless otherwise specified. Participants are responsible for any such difference, including Deductibles, Cost-sharing, Copayments, charges for non-covered services, and the amount charged by the Non-contracting Dentist in excess of the Maximum Allowance.

GENERAL PROVISIONS SECTION

I. Termination Or Modification Of A Participant's Coverage Under This Plan

- A.** If an Enrollee ceases to be an Eligible Employee or the Group does not remit the required contribution, the Enrollee's coverage and the coverage of any and all enrolled Eligible Dependents will terminate on the last day of the last month for which payment was made. After two (2) years, DDI, on behalf of the Plan Administrator, may require such subsequent proof once each year. Coverage for the dependent child will continue so long as this Plan remains in effect, the child's disability and financial dependency exists, and the child has not exhausted benefits.
- C.** Termination or modification of this Plan automatically terminates or modifies all of the Participant's coverage and rights hereunder. It is the responsibility of the Group to notify all of its Participants of the termination or any modification of this Plan, and DDI's notice to the Group, upon mailing or any other delivery, constitutes complete and conclusive notice to the Participants.

- E.** The Plan Administrator, may terminate or retroactively rescind a Participant's coverage under this Plan for any intentional misrepresentation, omission, or concealment of fact by, concerning, or on behalf of any Participant that was or would have been material to the Plan Administrator's acceptance of a risk, extension of coverage, provision of benefits, or payment of any claim.
- F.** Prior to legal finalization of an adoption, the coverage provided in this Plan for a child placed for adoption with an Enrollee continues as it would for a naturally born child of the Enrollee until the first of the following events occurs:
1. The date the child is removed permanently from placement and the legal obligation terminates, or
 2. The date the Enrollee rescinds, in writing, the agreement of adoption or the agreement assuming financial responsibility.
- If one (1) of the foregoing events occurs, coverage terminates on the last day of the month in which such event occurs.
- G.** Coverage under this Plan will terminate for an Eligible Dependent on the last day of the month he or she no longer qualifies as an Eligible Dependent due to a change in eligibility status.

- B. As a condition of coverage under this Plan, each Participant authorizes Providers to testify at DDI's request as to any information regarding the Participant's dental history, services rendered, and treatment received. Any and all provisions of law or professional ethics forbidding such disclosures or testimony are waived by and in behalf of each Participant.

Notwithstanding this authorization, DDI, on behalf of the Plan Administrator, reserves and shall have the right to make such payments directly to the Participant. Except as provided by law, DDI's right, on behalf of the Plan Administrator, to pay a Participant directly is not assignable by a Participant nor can it be waived without DDI, on behalf of the Plan Administrator, nor may the right to receive benefits for Covered Services

under this Plan be transferred or assigned, either before or after Covered Services are rendered. Payments will also be made in accordance with any assignment of rights required by state Medicaid plan.

- B. Once Covered Services are rendered by a Provider, DDI, on behalf of the Plan Administrator, shall not be obliged to honor Participant requests not to pay claims submitted by such Provider, and DDI, on behalf of the Plan Administrator, shall have no liability to any person because of its rejection of such request; however, in its sole discretion, for good cause, DDI, on behalf of the Plan Administrator, may nonetheless deny all or any part of any Provider claim.
- C. Under normal conditions, all benefits are payable to the Provider of services or supplies. All other benefits are payable to the Provider of services or supplies and can only be paid directly to another party upon signed authorization from the Participant. If conditions exist under which a valid release or assignment cannot be obtained, this Plan may make payment to any individual or organization that has assumed the care or principal support for the Participant and is equitably entitled to payment. This Plan must make payments to the Participant's separated/divorced spouse, state child support agency or Medicaid agency if required by a qualified medical child support order (QMCSO), or state Medicaid law.

This Plan may also honor benefit assignments made prior to the Participant's death in relation to remaining benefits payable by this Plan.

Any payment made by DDI, on behalf of the Plan Administrator, in accordance with this provision will fully release the Plan Administrator of its liability to the Participant.

X. Participant/Provider Relationship

- A. The choice of a Provider is solely the Participant's.
- B. DDI does not render Covered Services but only makes payment for Covered Services received by Participants. DDI and the Plan Administrator are not liable for any act or omission or for the level of competence of any Provider, and DDI and the Plan Administrator have no responsibility for a Provider's failure or refusal to render Covered Services to a Participant.
- C. The use or nonuse of an adjective such as Contracting or Non-contracting is not a statement as to the ability of the Provider.

XI. Participating Plan

DDI may, in its sole discretion, make an agreement with any appropriate entity (referred to as a Participating Plan) to provide, in whole or in part, benefits for Covered Services to Participants, but it shall have no obligation to do so.

XII. Coordination Of This Plan's Benefits With Other Benefits

This Coordination of Benefits (COB) provision applies when a Participant has health care coverage under more than one (1) Contract. Contract is defined below.

The Order of Benefit Determination Rules govern the order in which each Contract will pay a claim for benefits. The Contract that pays first is called the Primary Contract. The Primary Contract must pay benefits in accordance with its policy terms without regard to the possibility that another Contract may cover some expenses. The Contract that pays after the Primary Contract is the Secondary Contract. The Secondary Contract may reduce the benefits it pays so that payments from all Contracts does not exceed one hundred percent (100%) of the total Allowable Expenses.

A. Definitions

- 1. A Contract is any of the following that provides benefits or services for medical or dental care or treatment. If separate Contracts are used to provide coordinated coverage for members of a group, the separate Contracts are considered parts of the same Contract and there is no COB among those separate contracts.
 - a) Contract includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

- b) Contract does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefit for non-medical components of long-term care policies; Medicare supplement policies; Medicare or any other federal governmental plans, unless permitted by law.

Each Contract for coverage under a) or b) is a separate Contract. If a Contract has two (2) parts and COB rules apply only to one (1) of the two (2), each of the parts is treated as a separate Contract.

- 2. This Contract means, in a COB provision, the part of the Contract providing the dental care benefits to which the COB provision applies and which may be reduced because of the benefits of other Contracts. Any other part of the Contract providing dental care benefits is separate from this plan. A Contract may apply one (1) COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, any may apply under COB provision to coordinate other benefits.
- 3. The Order of Benefit Determination Rules determine whether This Contract is a Primary Contract or Secondary Contract when the Participant has health care coverage under more than one (1) Contract. When This Contract is primary, it determines payment for its benefits first before those of any other Contract without considering any other Contract's benefits. When This Contract is secondary, it determines its benefits after those of another Contract and may reduce the benefits it pays so that all Contract benefits do not exceed one hundred percent (100%) of the total Allowable Expense.
- 4. Allowable Expense is a dental care expense, including Deductibles, Cost-sharing and Copayments, that is covered at least in part by any Contract covering the Participant. When a Contract provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Contract covering the Participant is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- a) If a Participant is covered by two (2) or more Contracts that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology, or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 - b) If a Participant is covered by two (2) or more Contracts that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 - c) If a Participant is covered by one (1) Contract that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Contract that provides its benefits or services on the basis of negotiated fees, the Primary Contract's payment arrangement shall be the Allowable Expense for all Contracts. However, if the provider has contracted with the Secondary Contract to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Contract's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Contract to determine its benefits.
 - d) The amount of any benefit reduction by the Primary Contract because a covered person has failed to comply with the Contract provisions is not an Allowable Expense. Examples of these types of Contract provisions include second surgical opinions, pre-certificate of admissions, and preferred provider arrangements.
- 5. Closed Panel Plan is a Contract that provides dental care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency

or referral by a panel member.

6. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

B. Order Of Benefit Determination Rules

When a Participant is covered by two (2) or more Contracts, the rules for determining the order of benefit payments are as follows:

1. The Primary Contract pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Contract.
2.
 - a) Except as provided in Paragraph 2.b) below, a Contract that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Contracts state that the complying Contract is primary.
 - b) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Contract provided by the Contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.
3. A Contract may consider the benefits paid or provided by another Contract in calculating payment of its benefits only when it is secondary to that other Contract.
4. Each Contract determines its order of benefits using the first of the following rules that apply:
 - a) The Contract that covers the Participant other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Contract and the Contract that covers the Participant as a dependent is the Secondary Contract. However, if the Participant is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Contract covering the Participant as a dependent; and primary to the Contract covering the Participant as other than a dependent (e.g. a retired employee); then the order of benefits between the two Contracts is reversed so that the Contract covering the Participant as an employee, member, policyholder, subscriber or retiree is the Secondary Contract and the other Contract is the Primary Contract.
 - b) Dependent Child Covered Under More Than One Contract. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Contract the order of benefits is determined as follows:
 - (1) For a dependent child whose parents are married or are living together, whether or not they have ever been married: The Contract of the parent whose birthday falls earlier in the calendar year is the Primary Contract; or If both parents have the same birthday, the Contract that has covered the parent the longest is the Primary Contract.
 - (2) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the

- Contract of that parent has actual knowledge of those terms, that Contract is primary. This rule applies to Contract year commencing after the Contract is given notice of the court decree;
- ii. If a court decree states that both parents are responsible for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (1) shall determine the order of benefits;
 - iii. If a court decree states both parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage, the provisions of Subparagraph (1) above shall determine the order of benefits;
 - iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - 1. The Contract covering the Custodial Parent;
 - 2. The Contract covering the spouse of the Custodial Parent;
 - 3. The Contract covering the non-Custodial Parent; and then
 - 4. The Contract covering the spouse of the non-Custodial Parent.

For a dependent child covered under more than one Contract of individuals who are not the parents of the child, the provisions of Subparagraph (1) or (2) above shall determine the order of benefits as if those individuals were the parents of the child.

- c) **Active Employee or Retired or Laid-off Employee.** The Contract that covers a Participant as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Contract. The Contract covering that same Participant as a retired or laid-off employee is the Secondary Contract. The same would hold true if a Participant is a dependent of an active employee and that same Participant is a dependent of a retired or laid-off employee. If the other Contract does not have this rule, and as a result, the Contracts do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4.a) can determine the order of benefits.
- d) **COBRA or State Continuation Coverage.** If a Participant whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Contract, the Contract covering the Participant as an employee, member, subscriber or retiree or covering the Participant as a dependent of an employee, member, subscriber or retiree is the Primary Contract and the COBRA or state or other federal continuation coverage is the Secondary Contract. If the other Contract does not have this rule, and as a result, the Contracts do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4.a) can determine the order of benefits.
- e) **Longer or Shorter Length of Coverage.** The Contract that covered the Participant as an employee, member, policyholder, subscriber, or retiree longer is the Primary Contract and the Contract that covered the Participant the shorter period of time is the Secondary Contract.
- f) If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Contracts meeting the definition of Contract. In addition, This Contract will not pay more than it would have paid had it been the Primary Contract.

C. Effect On The Benefits Of This Contract

- 1. When This Contract is secondary, it may reduce its benefits so that the total benefits paid or provided by all Contracts during a Contract year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Contract will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Contract that is unpaid by the Primary Contract. The Secondary Contract may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Contract, the total benefits paid or provided by all Contracts for the claim do not exceed the total Allowable Expenses for that claim. In addition, the Secondary Contract shall credit

to its Contract deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

2. If a covered person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Contract and other Closed Panel Plans.

D. Facility Of Payment

A payment made under another Contract may include an amount that should have been paid under This Contract. If it does, DDI may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Contract. DDI will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

E. Right Of Recovery

If the amount of the payments made by DDI is more than it should have paid under this COB provision, it may recover the excess from one or more of the Participants it has paid or for whom it has paid; or any other Participant or organization that may be responsible for the benefits or services provided for the covered Participant. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

XIII. Incorporated By Reference

All of the terms, limitations and exclusions of coverage contained in this Plan are incorporated by reference into all sections, endorsements, riders, and Amendments and are as effective as if fully expressed in each one unless specifically noted to the contrary.

XIV. Inquiry And Appeals Procedures

A. Informal Inquiry

For any initial questions concerning a claim, a Participant should call or write DDI’s Customer Service Department. DDI’s phone numbers and addresses are listed on the Explanation of Benefits (EOB) form and in the District Office Locations section of this Plan.

B. Formal Appeal

A Participant who wishes to formally appeal a Pre-Service Claim decision by DDI, on behalf of the Plan Administrator, may do so through the following process:

1. A written appeal must be sent to the Appeals and Grievance Coordinator within one hundred eighty (180) days after receipt of the notice of Adverse Benefit Determination. Urgent claim appeals, and the documents in support of such appeals may be submitted by phone or facsimile. The appeal should set forth the reasons why the Participant contends DDI’s decision was incorrect. Any written comments, documents or other relevant information may be submitted with the appeal.
2. After receipt of the appeal, all facts, including those originally used in making the initial decision and any additional information that is sent or that is otherwise relevant, will be reviewed by a DDI Dental Director, or physician designee. For non-urgent claim appeals, DDI will mail a written reply to the Participant within fifteen (15) days after receipt of the written appeal. Urgent claim appeals will be notified orally within seventy-two (72) hours. If the original decision is upheld, the reply will state the specific reasons for denial and the specific provisions on which the decision is based. Each appeal will be processed as quickly as possible taking into account the dental exigencies of each claim.
3. Furthermore, the Participant or their authorized representative has the right to reasonable access to, and copies of all documents, records, and other information that are relevant to the appeal.
4. If the original, non-urgent claim decision is upheld upon reconsideration, the Participant may send an additional written appeal to the Appeals and Grievance Coordinator requesting further review. This appeal must set forth the reasons for requesting additional reconsideration and must be sent within thirty (30) days of DDI’s mailing of the initial reconsideration decision. A DDI Dental Director who is not subordinate to the Dental Director or physician designee who decided the

initial appeal, will issue a final decision after consideration of all relevant information. A final decision on the appeal will be made within fifteen (15) days of its receipt.

- C. A Participant who wishes to formally appeal a Post-Service Claims decision by DDI, on behalf of the Plan Administrator, may do so through the following process:
1. A written appeal must be sent to the Appeals and Grievance Coordinator within one hundred eighty (180) days after receipt of the notice of Adverse Benefit Determination. This written appeal should set forth the reasons why the Participant contends DDI's decision was incorrect. Any written comments, documents or other relevant information may be submitted with the appeal.
 2. After receipt of the written appeal, all facts, including those originally used in making the initial decision and any additional information that is sent or that is otherwise relevant, will be reviewed by a DDI Dental Director, or dental consultant if the appeal requires dental judgment. DDI shall mail a written reply to the Participant within thirty (30) days after receipt of the written appeal. If the original decision is upheld, the reply will list the specific reasons for denial and the specific provisions on which the decision is based. Each appeal will be processed as quickly as possible.
 3. Furthermore, the Participant or their authorized representative has the right to reasonable access to, and copies of all documents, records, and other information that are relevant to the appeal.
 4. If the original decision is upheld upon reconsideration, the Participant may send an additional written appeal to the Appeals and Grievance Coordinator requesting *further review*. This appeal must set forth the reasons for requesting additional reconsideration and must be sent within sixty (60) days of DDI's mailing of the initial reconsideration decision. A DDI Dental Director who is not subordinate to the Dental Director or dental consultant who decided the initial appeal, will issue a final decision after consideration of all relevant information, if the appeal requires dental judgment. A final decision on the appeal will be made within thirty (30) days of its receipt.

D. External Review

At DDI's discretion, on behalf of the Plan Administrator, an additional review is available for Adverse Benefit Determinations based upon dental issues including dental necessity and investigational treatment. A Participant must first exhaust both levels of the formal appeals process before submitting a request for External Review to the Appeals and Grievance Coordinator. A request for External Review must be sent within sixty (60) days of the date of Delta Dental of Idaho's second formal written appeal decision. External Review will be made by an impartial provider, associated with an independent review organization, who practices in the same or a similar specialty as the one involved in the review. The Independent Review Organization will issue a determination within sixty (60) days of receipt of the request for External Review.

XV. Reimbursement Of Benefits Paid By Mistake

If DDI mistakenly makes payment for benefits on behalf of an Enrollee or his or her Eligible Dependent(s) that the Enrollee or his or her Eligible Dependent(s) is not entitled to under this Plan, the Enrollee must reimburse the erroneous payment to DDI, on behalf of the Plan Administrator.

The reimbursement is due and payable as soon as DDI notifies the Enrollee and requests reimbursement. DDI, on behalf of the Plan Administrator, may also recover such erroneous payment from any other person or Provider to whom the payments were made. If reimbursement is not made in a timely manner, DDI, on behalf of the Plan Administrator may reduce benefits or reduce an allowance for benefits as a set-off toward reimbursement.

Even though DDI, on behalf of the Plan Administrator may elect to continue to provide benefits after mistakenly paying benefits, DDI, on behalf of the Plan Administrator may still enforce this provision. This provision is in addition to, not instead of, any other remedy DDI, on behalf of the Plan Administrator may have at law or in equity.

XVI. Subrogation And Reimbursement Rights Of Delta Dental Of Idaho

The benefits of this Plan will be available to a Participant when he or she is injured, suffers harm or incurs loss due to any act, omission, or defective or unreasonably hazardous product or service of another person, firm, corporation or entity (hereinafter referred to as "third party"). To the extent that such benefits for Covered Services are provided or paid for by Delta Dental of Idaho, on behalf of the Plan Administrator under this Plan or any other Delta Dental of

Idaho plan, agreement, certificate, contract or plan, Delta Dental of Idaho, on behalf of the Plan Administrator shall be subrogated and succeed to the rights of the Participant or, in the event of the Participant's death, to the rights of his or her heirs, estate, and/or personal representative.

As a condition of receiving benefits for Covered Services in such an event, the Participant or his or her personal representative shall furnish Delta Dental of Idaho in writing with the names and addresses of the third party or parties that caused or are responsible, or may have caused or may be responsible for such injury, harm or loss, and all facts and information known to the Participant or his or her personal representative concerning the injury, harm or loss.

Delta Dental of Idaho, on behalf of the Plan Administrator may at its option elect to enforce either or both of its rights of subrogation and reimbursement.

Subrogation is taking over the Participant's right to receive payments from other parties. The Participant or his or her legal representative will transfer to Delta Dental of Idaho, on behalf of the Plan Administrator any rights he or she may have to take legal action arising from the injury, harm or loss to recover any sums paid on behalf of the Participant. Thus, Delta Dental of Idaho, on behalf of the Plan Administrator may initiate litigation at its sole discretion, in the name of the Participant, against any third party or parties. Furthermore, the Participant shall fully cooperate with Delta Dental of Idaho in its investigation, evaluation, litigation and/or collection efforts in connection with the injury, harm or loss and shall do nothing whatsoever to prejudice Delta Dental of Idaho's subrogation rights and efforts. Delta Dental of Idaho, on behalf of the Plan Administrator will be reimbursed in full for all benefits paid even if the Participant is not made whole or fully compensated by the recovery. Moreover, Delta Dental of Idaho and the Plan Administrator are not responsible for any attorney's fees or other expenses or costs incurred by the Participant without the prior written consent of Delta Dental of Idaho and, therefore, the "common fund" doctrine does not apply to any amounts recovered by any attorney the Participant hires regardless of whether amounts recovered are used to repay benefits paid by Delta Dental of Idaho, on behalf of the Plan Administrator, or otherwise.

Additionally, Delta Dental of Idaho, on behalf of the Plan Administrator may at its option elect to enforce its right of reimbursement from the Participant, or his or her legal representative, of any benefits paid from monies recovered as a result of the injury, harm or loss. The Participant shall fully cooperate with Delta Dental of Idaho, on behalf of the Plan Administrator in its investigation, evaluation, litigation and/or collection efforts in connection with the injury, harm or loss and shall do nothing whatsoever to prejudice the Plans reimbursement rights and efforts.

The Participant shall pay Delta Dental of Idaho, on behalf of the Plan Administrator as the first priority, and Delta Dental of Idaho shall have a constructive trust and an equitable lien on, all amounts from any recovery by suit, settlement or otherwise from any third party or parties or from any third party's or parties' insurer(s), indemnitor(s) or underwriter(s), to the extent of benefits provided by Delta Dental of Idaho, on behalf of the Plan Administrator under this Plan, regardless of how the recovery is allocated (*i.e.*, pain and suffering) and whether the recovery makes the Participant whole. Thus, Delta Dental of Idaho will be reimbursed by the Participant, or his or her legal representative, from monies recovered as a result of the injury, harm or loss, for all benefits paid even if the Participant is not made whole or fully compensated by the recovery. Moreover, Delta Dental of Idaho and the Plan Administrator are not responsible for any attorney's fees or other expenses or costs incurred by the Participant without the prior written consent of Delta Dental of Idaho and, therefore, the "common fund" doctrine does not apply to any amounts recovered by any attorney the Participant hires regardless of whether amounts recovered are used to repay benefits paid by Delta Dental of Idaho, on behalf of the Plan Administrator, or otherwise.

To the extent that Delta Dental of Idaho, on behalf of the Plan Administrator provides or pays benefits for Covered Services, Delta Dental of Idaho's rights of subrogation and reimbursement extend to any right the Participant has to recover from the Participant's insurer, or under the Participant's "Dental Payments" coverage or any "Uninsured Motorist," "Underinsured Motorist," or other similar coverage provisions, and workers' compensation benefits.

Delta Dental of Idaho, on behalf of the Plan Administrator shall have the right, at its option, to seek reimbursement from, or enforce its right of subrogation against, the Participant, the Participant's personal representative, a special needs trust, or any trust, person or vehicle that holds any payment or recovery from or on behalf of the Participant including the Participant's attorney.

Delta Dental of Idaho's subrogation and reimbursement rights shall take priority over the Participant's rights both for expenses already incurred and paid by Delta Dental of Idaho, on behalf of the Plan Administrator for Covered Services,

and for benefits to be provided or payments to be made by Delta Dental of Idaho, on behalf of the Plan Administrator in the future on account of the injury, harm or loss giving rise to Delta Dental of Idaho's subrogation and reimbursement rights. Further, the Plans subrogation and reimbursement rights for incurred expenses and/or future expenses yet to be incurred are primary and take precedence over the rights of the Participant, even if there are deficiencies in any recovery or insufficient financial resources available to the third party or parties to totally satisfy all of the claims and judgments of the Participant and the Plan Administrator.

Collections or recoveries made in excess of such incurred Plan expenses shall first be allocated to such future Plan expenses, and shall constitute a special Deductible applicable to such future benefits and services under this or any subsequent Plan. Thereafter, Delta Dental of Idaho, on behalf of the Plan Administrator shall have no obligation to make any further payment or provide any further benefits until the benefits equal to the special Deductible have been incurred, delivered, and paid by the Participant.

XVII. Statements

In the absence of fraud, all statements made by an applicant, or the Planholder, or by an enrolled person shall be deemed representations and not warranties, and no statement made for the purpose of acquiring insurance shall void such insurance or reduce benefits unless contained in a written instrument signed by the Planholder or the enrolled person.

XVIII. Individual Benefits Management

Individual Benefits Management allows DDI to provide alternative benefits in place of specified Covered Services when alternative benefits allow the Participant to achieve optimum health care in the most cost-effective way.

The decision to allow alternative benefits will be made by DDI in its sole and absolute discretion on a case-by-case basis. DDI may allow alternative benefits in place of specified Covered Services when a Participant, or the Participant's legal guardian and his or her Physician concur in the request for and the advisability of alternative benefits. DDI reserves the right to modify, limit, or cease providing alternative benefits at any time.

A determination to cover alternative benefits for a Participant shall not be deemed to waive, alter, or affect DDI's right to reject any other requests or recommendations for alternative benefits.

XIX. Coverage And Benefits Determination

DDI is vested with authority and discretion to determine eligibility for coverage and whether a claim for benefits is covered under the terms of this Plan, based on all the terms and provisions set forth in this Plan, and also to determine the amount of benefits owed on claims which are covered.

XX. Health Care Providers Outside the United States

The benefits available under this Plan are also available to Participants traveling or living outside the United States. Reimbursement for Covered Services will be made directly to the Participant. DDI will require the original claim along with an English translation. It is the Participant's responsibility to provide this information. Finally, there are no benefits for services, or other charges that are provided outside the United States, which if had been provided in the United States, would not be a Covered Service under this Plan.
