HOW TO SUBMIT CLAIMS

A Participant must submit a claim to Blue Cross of Idaho (BCI) in order to receive benefits for Covered Services. There are two ways for a Participant to submit a claim:

1. The health care Provider (hospital, doctor, or other facility or specialist) can file the claims for the Participant. Most Providers will submit a claim on a Participant's behalf if the Participant shows them a BCI identification card and asks them to send BCI the claim, or submit the claim to the local Blue Cross/Blue Shield plan in the area where services were received.
2. The Participant can send BCI the claim or submit the claim to the local Blue Cross/Blue Shield plan in the area where services were received.

To File A Participant's Own Claim

If a Provider prefers that a Participant file the claim, here is the procedure to follow:

1. Ask the Provider for an itemized billing. The itemized billing should show each service received and its procedure code and its diagnosis code, the date each service was furnished, and the charge for each service. BCI cannot accept billings that only say "Balance Due," "Payment Received" or some similar statement.
2. Obtain a Member Claim Form from the Provider or visit the BCI Web site at www.bcidaho.com or visit any of BCI's offices, and follow the instructions. Use a separate billing and Member Claim Form for each patient.
3. Attach the billing to the Member Claim Form and send it to:

For assistance with claims or health benefit information, please call BCI Customer Service at (208) 331-7626 or 1-866-685-2259.

Notice of Claim Time Limit and Documentation

BCI will process claims for benefits on behalf of the Group according to the Administrative Services Agreement between the parties. A claim for Covered Services must be submitted within one year from the date of service and must include all the information necessary for BCI, on behalf of the Plan Administrator, to determine benefits.

How Blue Cross Of Idaho Notifies The Participant

BCI will send the Participant an Explanation of Benefits (EOB) either electronically or by mail, as soon as the claim is processed. The EOB will show all the payments BCI made and to whom the payments were sent. It will also explain any charges BCI did not pay in full. Participants should print the electronic copy and keep this EOB for their records. If a Participant would like a paper copy of their EOB, they may request one from BCI Customer Service.

INPATIENT NOTIFICATION SECTION

This section describes procedures that should be followed in order for Participants to receive the maximum benefits available for Covered Services. As specified, Non-Emergency Preadmission Notification or Emergency Admission Notification is required for all Inpatient services.

NOTE: Some Inpatient services also require the Provider to obtain Prior Authorization. Please refer to the Prior Authorization Section.

I. Non-Emergency Preadmission Notification

Non-Emergency Preadmission Notification is a notification to Blue Cross of Idaho by the Participant and is required for all Inpatient admissions except Covered Services subject to Emergency or Maternity delivery Admission Notification. A Participant should notify BCI of all proposed Inpatient admissions as soon as he or she knows they will be admitted as an Inpatient. The notification should be made before any Inpatient admission. Non-Emergency Preadmission Notification informs BCI, or a delegated entity, of the Participant's proposed Inpatient admission to a Licensed General Hospital, Alcohol or Substance Abuse Treatment Facility, Psychiatric Hospital, or any other Facility Provider. This notification alerts Blue Cross of Idaho of the proposed stay. When timely notification of an Inpatient admission is provided by the Participant to BCI, payment of benefits is subject to the specific benefit levels, limitations, exclusions and other provisions of this Plan.

For Non-Emergency Preadmission Notification call BCI at the telephone number listed on the back of the Enrollee's Identification Card.

II. Emergency Admission Notification

When an Emergency Admission occurs for Emergency Medical Conditions and notification cannot be completed prior to admission due to the Participant's condition, the Participant, or his or her representative, should notify BCI within twenty-four (24) hours of the admission. If the admission is on a weekend or legal holiday, BCI should be notified by the end of the next working day after the admission.

This notification alerts BCI to the emergency stay.

III. Continued Stay Review

BCI will contact the hospital utilization review department and/or the attending Physician regarding the Participant's proposed discharge. If the Participant will not be discharged as originally proposed, BCI will evaluate the Medical Necessity of the continued stay and approve or disapprove benefits for the proposed course of Inpatient treatment. Payment of benefits is subject to the specific benefit levels, limitations, exclusions and other provisions of this Plan.

IV. Discharge Planning

BCI will provide information about benefits for various post-discharge courses of treatment.

PRIOR AUTHORIZATION SECTION

NOTICE: *Prior Authorization is required to determine if the services listed in the Attachment A are Medically Necessary and a Covered Service.*

Prior Authorization is not a guarantee of payment. It is a pre-service determination of Medical Necessity based on information provided to Blue Cross of Idaho at the time the Prior Authorization request is made. Blue Cross of Idaho retains the right to review the Medical Necessity of services, eligibility of services and benefit limitations and exclusions after services are received. If Prior Authorization has not been obtained to determine Medical Necessity, services may be subject to denial. Any dispute involved in Blue Cross of Idaho's Medical Necessity decision must be resolved by use of the Blue Cross of Idaho appeal process as outlined in the General Provisions Section.

Please refer to Attachment A of the Benefits Outline, check the BCI Web site at www.bcidaho.com, or call Customer Service at the telephone number listed on the back of the Participant's Identification Card to determine if the Participant's proposed services require Prior Authorization. To request Prior Authorization, the Contracting Provider must notify BCI of the Participant's intent to receive services that require Prior Authorization.

The notification may be completed by telephone call or in writing and must include the information necessary to establish that the proposed services are Covered Services under the Participant's Plan and Medically Necessary. BCI will respond to a request for Prior Authorization received from either the Provider or the Participant within seventy-two (72) hours for an expedited request or fourteen (14) days for a standard request of the receipt of the medical information necessary to make a determination.

Noncontracting Providers: The Participant is responsible for obtaining Prior Authorization when seeking treatment from a Noncontracting Provider. The Participant is financially responsible for services performed by a Noncontracting Provider when those services are determined to be not Medically Necessary. The Participant is responsible for notifying BCI if the proposed treatment will be provided by a Noncontracting Provider.

The Benefit Period for Hospice Covered Services is a continuous six (6) month period that begins when a Hospice Plan of Treatment is approved by Blue Cross of Idaho (BCI). The Participant may apply to BCI for an extension of the Hospice Benefit Period.

- J. **Prescription Drugs**—drugs, biologicals and Compounded prescriptions that are FDA approved and can be dispensed only according to a written prescription given by a Physician and/or duly licensed Provider, that are listed and accepted in the *United States Pharmacopeia*, *National Formulary*, or *AMA Drug Evaluations* published by the American Medical Association (AMA), that are prescribed for human consumption, and that are required by law to bear the legend: “Caution—Federal Law prohibits dispensing without prescription.”

X. **Prescription Drug Exclusions And Limitations**

In addition to any other exclusions and limitations of this Plan, the following exclusions and limitations apply to this particular section and throughout the entire Plan, unless otherwise specified.

If a Participant receives a discount or other cost reduction, in any form, including but not limited to a coupon or discount card from a pharmaceutical manufacturer, pharmacy, other health care Provider, or cost-sharing from a prohibited third party organization, the cost reduction or amount discounted toward the purchase of the Prescription Drug will not be applied to the Participant's applicable Deductible amounts, and will not be applied to the Participant's Out of Pocket Limit for this Plan.

Blue Cross of Idaho prohibits direct or indirect payment by third parties unless it meets the standards set below.

Family, friends, religious institutions, private, not-for-profit foundations such as Indian tribes, tribal organizations, urban Indian organizations, state and federal government programs or grantees or sub-grantees such as the Ryan White HIV/AIDS Program and other similar entities are not prohibited. Cost-sharing contributions made from permitted third parties will be applied to the Participants applicable Deductible and/or Out-of-Pocket Limit.

Each of the following criteria must be met for BCI to accept a third party payment:

1. the assistance is provided on the basis of the Participant's financial need;
2. the institution/organization is not a healthcare Provider; and
3. the institution/organization is not financially interested. Financially interested institutions/organizations include institutions/organizations that receive the majority of their funding from entities with a pecuniary interest in the payment of health insurance claims, or institutions/organizations that are subject to direct or indirect control of entities with a pecuniary interest in the payment of health insurance claims.

To assist in appropriately applying cost-sharing contributions made from a permitted third party to the Participants applicable Deductible and/or Out-of-Pocket Limit, the Participant is encouraged to provide notification to BCI if they receive any form of assistance for payment of their contribution, Cost-sharing, Copayment or Deductible amounts.

BCI will inform the Participant in writing of the reason for rejecting or otherwise refusing to treat a third party payment as a payment from the Participant and of the Participant's right to file a complaint with the Department of Insurance.

A. No benefits are provided for the following:

1. Drugs used for the termination of early pregnancy, and complications arising therefrom, except when required to correct an immediately life-endangering condition.
2. Over-the-counter drugs other than insulin and ACA mandated over the counter drugs, even if prescribed by a Physician. Notwithstanding this exclusion, BCI, through the determination of the BCI Pharmacy and Therapeutics Committee may choose to cover certain over-the-counter medications when Prescription Drug benefits are provided under this Plan. Such approved over-the-counter medications must be identified by BCI in writing and will specify the procedures for obtaining benefits for such approved over-the-counter medications. Please note that the fact a particular over-the-counter drug or medication is covered does not require BCI to cover or otherwise pay or reimburse the Participant for any other over-the-counter drug or medication.
3. Charges for the administration or injection of any drug, except for vaccinations listed on the Prescription Drug Formulary.
4. Therapeutic devices or appliances, including hypodermic needles, syringes, support garments and other non-medicinal substances except Diabetic Supplies, regardless of intended use.
5. Drugs labeled "Caution—Limited by Federal Law to Investigational Use," or experimental drugs, even though a charge is made to the Participant.

ELIGIBILITY AND ENROLLMENT SECTION

I. Eligibility And Enrollment

All Eligible Employees will have the opportunity to apply for coverage under this Plan.

A. Eligible Employee

Qualifications for eligibility are shown in the Benefits Outline.

B. Eligible Dependent

To qualify as an Eligible Dependent under this Plan, a person must be and remain one (1) of the following:

1. The Enrollee's spouse under a legally valid marriage provided said spouse is not an Eligible Employee of the Group and enrolled in any other healthcare plan offered by the Group.
2. The Enrollee's natural child, stepchild, legally adopted child, child placed with the Enrollee for adoption, or child for whom the Enrollee or the Enrollee's spouse has court-appointed guardianship or custody. The child must be:
 - a) Under the age of twenty-six (26);
 - b) A child under a QMCSO is also eligible.
 - c) **Disabled Adult Child:** A disabled adult child may continue coverage beyond the normal age limit if the Dependent child meets the eligibility requirements explained here. The Plan will require initial and periodic proof of disability. You will have 31 days from the date of the request for proof of disability to provide this proof before the child is determined to be ineligible. To be eligible as a disabled adult child, the individual must **meet all of the following** eligibility requirements:
 1. is an **unmarried** Dependent Child (as defined above) of a covered employee;
 2. is **age 26 or older**;
 3. is **permanently and totally disabled** (for example the disability has lasted 12 months, is expected to last 12 months, or is expected to result in death);
 4. has a **disability that causes the individual to be incapable of self-sustaining employment** (substantial gainful employment) **as a result of that Disability**;
 5. **dependent chiefly relies on** the employee or spouse for support and maintenance;
 6. the **Disability existed prior to attainment of the age that causes a non-disabled dependent child's coverage to end under this Plan** (e.g. the child's 26th birthday);
 7. **was covered under this Plan on the day before their 26th birthday**; and
 8. is **eligible for tax-free health coverage as a "qualifying child" or "qualifying relative"** under the applicable requirements of Internal Revenue Code Section 152(c) or 152(d), respectively **OR** and who will be claimed as a dependent on the employee's federal income tax return for each plan year for which coverage is provided.

A child whose coverage has terminated coverage under this Plan due to reaching the age limit, and then becomes disabled, is not eligible to re-enroll as a disabled Dependent child under this Plan.

3. An Enrollee must notify the Group within thirty (30) days when a dependent no longer qualifies as an Eligible Dependent. Coverage for the former Eligible Dependent will terminate the last day of the month in which the change in eligibility occurred.

C. Annual Open Enrollment Periods

Applications for coverage for an Eligible Employee will only be accepted by BCI during the Group's annual Open Enrollment Period, during the Eligible Employee's Initial Enrollment Period, or during a Special Enrollment Period as described in this section. If an Eligible Employee does not apply for

coverage during these time periods, they must wait until the next Open Enrollment Period or Special Enrollment Period.

D. Initial Enrollment Period

The Initial Enrollment Period is thirty (30) days for Eligible Employees and Eligible Dependents. The Initial Enrollment Period begins on the date the Eligible Employee or Eligible Dependent first becomes eligible for coverage under this Plan.

E. Enrollment of Eligible Dependents

1. For an Eligible Employee to enroll himself or herself and any Eligible Dependents for coverage under this Plan (or for an Enrollee to enroll Eligible Dependents for coverage) the Eligible Employee or Enrollee, as the case may be, must complete a BCI application and submit it to BCI.
2. Newborn/Adoption---When a newborn child is added and the monthly contribution changes, a full month's contribution is required for the child if his or her date of birth falls on the first (1st) through the fifteenth (15th) day of the month. No contribution is required if the child's date of birth falls on the sixteenth (16th) through the last day of the month. An Enrollee's newborn Dependent, including adopted newborn children who are placed with the adoptive Enrollee within sixty (60) days of the adopted child's date of birth, are covered under this Plan from and after the date of birth for 60 days.
 - A. Contribution for the first sixty (60) days of coverage is due not less than thirty-one (31) days following receipt of a billing for the required contribution. In order to continue coverage beyond the sixty (60) days outlined above, the Enrollee must complete an enrollment application within sixty (60) days of date of birth and submit the required contribution, for the first sixty (60) days, within thirty-one (31) days of the date monthly billing is received and a notice of contribution is provided to the Enrollee from the Group.
 - B. If the date of adoption or the date of placement for adoption of a child is more than sixty (60) days after the child's date of birth, the Effective Date of coverage will be the date of adoption or the date of placement for adoption. In this Plan, 'child' means an individual who has not attained age eighteen (18) years as of the date of the adoption or placement for adoption. In this Plan, "placed for adoption" means physical placement in the care of the adoptive Enrollee, or in those circumstances in which such physical placement is prevented due to the medical needs of the child requiring placement in a medical facility, it means when the adoptive Enrollee signs an agreement for adoption of the child and signs an agreement assuming financial responsibility for the child.

F. Effective Dates of Coverage

Subject to receiving the applicable contribution payment:

1. If the Eligible Employee or Eligible Dependent enrolled in this Plan during their Initial Enrollment Period or the Group's Open Enrollment Period, the Effective Date of coverage for an Eligible Employee and any Eligible Dependents listed on the Eligible Employee's application is the Group's Plan Date if the application is submitted to BCI by the Group on or before the Plan Date.
2. Except as provided otherwise in this section, if enrollment is requested during an Initial Enrollment Period or annual Open Enrollment Period, the Effective Date of coverage for an Eligible Employee or an Eligible Dependent will be the first day of the month following the month of enrollment.
3. If enrollment is requested during a Special Enrollment Period due to the loss of Minimum Essential Coverage or marriage, the Effective Date of coverage will be the first day of the month following the marriage or loss of coverage.

4. The Effective Date of coverage for enrollment requested during a Special Enrollment Period will be the date of birth for a newborn natural child or a newborn child adopted or placed for adoption within sixty (60) days of the child's date of birth.
5. For other enrollment requested through a Special Enrollment Period, if the application is received between the first and fifteenth day of the month, coverage will begin on the first day of the following month. If the application is received between the sixteenth day and the last day of the month, coverage will begin on the first day of the second month.

G. Late Enrollee

If an Eligible Employee or Eligible Dependent does not enroll during the applicable initial enrollment period described in Paragraph D. of this section, or during a special enrollment period described in Paragraph H. of this section, the Eligible Employee or Eligible Dependent is a Late Enrollee. Following the receipt and acceptance of a completed enrollment application, the Effective Date of coverage for a Late Enrollee will be the date of the Group's next Plan Date.

H. Special Enrollment Periods

Outside of the Eligible Employee's Initial Enrollment Period or annual Open Enrollment Period, an Eligible Employee or Eligible Dependent will not be considered a Late Enrollee and may enroll for coverage, unless otherwise noted, within thirty (30) days of the occurrence of one of the following events:

1. The Eligible Employee or Eligible Dependent meets each of the following:
 - a) The individual was covered under Minimum Essential Coverage at the time of the initial enrollment period.
 - b) The individual involuntarily lost coverage under Minimum Essential Coverage.
 - c) The individual requests enrollment within thirty (30) days after termination of the Minimum Essential Coverage.
2. Addition of an Eligible Dependent through marriage, birth, adoption or placement of adoption and coverage is requested under this Plan no later than sixty (60) days after the event.
3. A court has issued a Qualified Medical Child Support Order (QMCSO) requiring that coverage be provided for an Eligible Dependent by an Enrollee under this Plan, and application for enrollment is made within thirty (30) days after issuance of the QMCSO.
4. The Eligible Employee and/or Eligible Dependent become eligible for a premium assistance subsidy under Medicaid or the Children's Health Insurance Program (CHIP) and coverage under this Plan is requested no later than sixty (60) days after the date the Eligible Employee and/or Eligible Dependent is determined to be eligible for such assistance.
5. Coverage under Medicaid or CHIP for an Eligible Employee and/or Eligible Dependent is terminated as a result of loss of eligibility for such coverage, and coverage is requested under this Plan no later than sixty (60) days after the date of termination of such coverage.

II. Leave Of Absence

During an employer-approved, temporary leave of absence, and subject to the payment by the Group of the amount paid in benefits plus the administrative fee provided in the Administrative Services Agreement and payment of the monthly Excess Loss Premium, if any, submitted with the regular Group billing, coverage under this Plan shall continue for no more than three calendar months or as allowed/approved by the Group.

On its regular billing, the Group shall notify Blue Cross of Idaho of the Enrollee's date of departure for the leave of absence, and shall continue its regular contribution for the Enrollee's coverage during the leave of absence.

LEAVE OF ABSENCE (Special Circumstances)

Family and/or Medical Leave (FMLA)

In general, to be eligible for FMLA, an employee must have worked for their employer for at least 12 months, met the 1,250 hours of service requirement in the 12 months prior to the leave, and worked at a location where the employer employed at least 50 employees within 75 miles. If the employee is eligible for FMLA the employee is entitled by law to up to 12 weeks each year (in some cases, up to 26 weeks) of unpaid family or

medical leave for specified family or medical purposes, such as the birth or adoption of a child, to provide care of a Spouse, child or parent who is seriously ill, or for the employee's own serious illness.

For the calculation of the 12-month period used to determine employee eligibility for FMLA, this Plan uses a rolling 12 month period measured backward in time from the date the employee uses any FMLA leave.

While you are officially on such a family or medical leave, you can keep health coverage for yourself and your Dependents in effect during that family or medical leave period by continuing to pay your contributions during that leave period.

- Since you will not be paid while you are on family or medical leave, you may pay your contributions as they come due on the dates you would have been paid (or on some other schedule agreed to by you and your employer) had you not taken family or medical leave, in which case your contributions will be made on an after-tax basis.
- Whether or not you keep your coverage while you are on family or medical leave, if you return to work promptly at the end of that leave, your health care coverage will be reinstated without any additional limits or restrictions imposed on account of your leave. This is also true for any of your Dependents who were covered by the Plan at the time you took your leave.
- Of course, any changes in the Plan's terms, rules or practices that went into effect while you were away on that leave will apply to you and your Dependents in the same way they apply to all other employees and their Dependents. To find out more about your entitlement to family or medical leave as required by federal and/or state law, and the terms on which you may be entitled to it, contact your Human Resources department.

Leave for Military Service/Uniformed Services Employment and Reemployment Rights Act (USERRA)

USERRA CONTINUATION COVERAGE IS ADMINISTERED BY THE TRUST. BCI DOES NOT ADMINISTER USERRA CONTINUATION COVERAGE. PLEASE CONTACT YOUR GROUP ADMINISTRATOR FOR USERRA INFORMATION.

A participant who enters military service will be provided continuation and reinstatement rights in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), as amended from time to time. This section contains important information about your rights to continuation coverage and reinstatement of coverage under USERRA.

What is USERRA? USERRA Continuation Coverage is a temporary continuation of coverage when it would otherwise end because the employee has been called to active duty in the uniformed services. USERRA protects employees who leave for and return from any type of uniformed service in the United States armed forces, including the Army, Navy, Air Force, Marines, Coast Guard, National Guard, National Disaster Medical Service, the reserves of the armed forces, and the commissioned corps of the Public Health Service.

An employee's coverage under this Plan will terminate when the employee enters active duty in the uniformed services.

- If the employee elects USERRA temporary continuation coverage, the employee (and any eligible dependents covered under the Plan on the day the leave started) may continue Plan coverage for up to 24 months measured from the last day of the month in which the employee stopped working.
- If the employee goes into active military service for **up to 31 days**, the employee (and any eligible dependents covered under the Plan on the day the leave started) can continue health care coverage under this Plan during that leave period if the employee continues to pay the appropriate contributions for that coverage during the period of that leave.

Duty to Notify the Plan: The Plan will offer the employee USERRA continuation coverage only after the Plan Administrator has been notified by the employee in writing that they have been called to active duty in the uniformed services and provides a copy of the orders. The employee must notify the Plan Administrator as

soon as possible but no later than sixty (60) days after the date on which the employee will lose coverage due to the call to active duty, unless it is impossible or unreasonable to give such notice.

Plan Offers Continuation Coverage: Once the Plan Administrator receives notice that the employee has been called to active duty, the Plan will offer the right to elect USERRA coverage for the employee (and any eligible dependents covered under the Plan on the day the leave started). Unlike COBRA Continuation Coverage, if the employee does not elect USERRA for the dependents, those dependents cannot elect USERRA separately. Additionally, the employee (and any eligible dependents covered under the Plan on the day the leave started) may also be eligible to elect COBRA temporary continuation coverage. Note that USERRA is an alternative to COBRA therefore either COBRA or USERRA continuation coverage can be elected and that coverage will run simultaneously, not consecutively. Contact your Human Resources department to obtain a copy of the COBRA or USERRA election forms. Completed USERRA election forms must be submitted to the Plan in the same timeframes as is permitted under COBRA.

Paying for USERRA Coverage:

- If the employee goes into active military service for up to **31 days**, the employee (and any eligible dependents covered under the Plan on the day the leave started) can continue health care coverage under this Plan during that leave period if the employee continues to pay the appropriate contributions for that coverage during the period of that leave.
- If the employee elects USERRA temporary continuation coverage, the employee (and any eligible dependents covered under the Plan on the day the leave started) may continue Plan coverage for up to **24 months** measured from the last day of the month in which the employee stopped working. USERRA continuation coverage operates in the same way as COBRA coverage and contributions for USERRA coverage will be 102% of the cost of coverage. Payment of USERRA and termination of coverage for non-payment of USERRA works just like with COBRA coverage. See the COBRA chapter for more details.

In addition to USERRA or COBRA coverage, an employee's eligible dependents may be eligible for health care coverage under TRICARE (the Department of Defense health care program for uniformed service members and their families). This plan coordinates benefits with TRICARE. You should carefully review the benefits, costs, provider networks and restrictions of the TRICARE plan as compared to USERRA or COBRA to determine whether TRICARE coverage alone is sufficient or if temporarily continuing this Plan's benefits under USERRA or COBRA is the best choice.

After Discharge from the Armed Forces:

When the employee is discharged from military service (not less than honorably), eligibility will be reinstated on the day the employee returns to work provided the employee returns to employment within:

- 90 days from the date of discharge from the military if the period of services was more than 180 days;
or
- 14 days from the date of discharge if the period of service was 31 days or more but less than 180 days;
or
- at the beginning of the first full regularly scheduled working period on the first calendar day following discharge (plus travel time and an additional 8 hours), if the period of service was less than 31 days.

If the employee is hospitalized or convalescing from an injury caused by active duty, these time limits are extended up to two years.

The employee must notify the Plan Administrator in writing within the time periods listed above. Upon reinstatement, the employee's coverage will not be subject to any exclusions or waiting periods other than those that would have been imposed had the coverage not terminated. Questions regarding your entitlement to USERRA leave and to continuation of health care coverage should be referred to your Human Resources department.

III. Changing Your Coverage During the Year (Mid-Year Change of Status/Election Change)

Government regulations generally require that your Plan coverages remain in effect throughout the Plan Year (from January 1 through December 31), but you may be able to make some changes during the year (mid-year) if the Plan Administrator or its designee determines that you have a permissible **change** in your status (as permitted by the IRS) affecting your benefit needs. Generally, proof of the change of status event will be required. The following changes are the only ones permitted under the Plan:

1. **Change in employee's legal marital status**, including gaining a Spouse through marriage, or losing a Spouse through divorce, legal separation (where permissible by law), annulment or death.
2. **Change in number of employee's Dependents**, including gaining a child through birth, adoption, or placement for adoption, or losing a child such as through death.
3. **Change in your, your Spouse's or Dependent Child's employment status or work schedule IF it impairs (or creates) your, your Spouse's or your Dependent Children's eligibility for benefits**, including the start or termination of employment, an increase or decrease in hours of employment (including a switch in part-time and full-time employment), a strike or lock-out, the start of or return from an unpaid leave of absence that is either required by law (such as FMLA and military leave or, other leave permitted by your employer), or a change of work-site.
4. **Change in Dependent status that satisfies or ceases to satisfy the Plan's eligibility requirements**, including changes due to attainment of age, or a change affecting a requirement described under the definition of Dependent in this document.
5. **Change of residence or worksite that allows or impairs your, your Spouse's or Dependent Child's eligibility for benefits**.
6. **Change required under the terms of a Qualified Medical Child Support Order (QMCSO)**, including a change necessary to add the child as a covered Dependent as specified in the order, or to cancel coverage for the child if the order requires your former Spouse to provide that coverage.
7. **Change consistent with your right to Special Enrollment** as described in the section dealing with Special Enrollment in the Eligibility chapter of this document.
8. **Change consistent with entitlement to (or loss of eligibility for) Medicare or Medicaid** affecting you, your Spouse or Dependent Child (except for coverage solely under the program for distribution of pediatric vaccines), including prospective cancellation of coverage of the person entitled to Medicare/Medicaid following such entitlement or prospective reinstatement or election of coverage following loss of eligibility for Medicare/Medicaid.
9. **Automatic Change in the Cost of Coverage**. If the cost of a qualified benefits plan increases or decrease during the Plan year and under the terms of the Plan employees are required to make a corresponding change in their payments, the Plan may, on a reasonable and consistent basis, automatically make a prospective increase or decrease in the affected employees' elective contribution for the Plan.
10. **Significant Change in the Cost of Coverage**. If the cost charged to an employee for a benefit package significantly increases or significantly decreases during the Plan year, the Plan may permit the employee to make a corresponding change in election under the Plan. In such a case the employee may start coverage in the Plan option with the decreased cost; or, revoke coverage in the Plan option with an increased cost and elect, on a prospective basis, coverage under another plan option providing similar coverage, if one is available, or drop the coverage if no other such plan option is available.
11. **Significant curtailment without loss of coverage**. If the employee or employee's Spouse or Dependent child has a significant curtailment of coverage under a plan during the Plan year that is not a loss of coverage, the Plan may permit the employee who has been participating in the Plan to revoke his/her election for that coverage and elect to receive, on a prospective basis, coverage under another

benefit package option providing similar coverage, or to drop coverage if no similar benefit package option is available. Coverage is significantly curtailed only if there is an overall reduction in coverage provided to participants under the Plan so as to constitute reduced coverage to participants generally.

12. **Addition or elimination of a benefit package option providing similar coverage.** If during a Plan Year, the Plan adds a new benefit package option or other coverage option (or eliminates an existing benefit package option or other coverage option) the Participant may elect the newly-added option (or elect another option if an option has been eliminated) prospectively and make corresponding election changes with respect to other benefit package options providing similar coverage.
13. **Addition or significant improvement of any Plan option under the employer's Health Care Programs or the Spouse's employer's health care plans or programs.** In such a case, a Participant may revoke coverage in the current plan and either elect, on a prospective basis, coverage under a new or improved plan option.
14. **Change in coverage under another employer's plan or program** that permits Participants to make an election change that would be permitted by these mid-year changes, or that permits Participants to make an election for a period of coverage that is different from the Plan Year of this Plan (e.g. Spouse's employer coverage has different open enrollment/Plan year). In such a case, a Participant may elect, on a prospective basis, the same change in coverage under this Plan that was available under the other plan.
15. **Reduction of Hours.** An employee who was expected to average at least 30 hours of service per week may prospectively drop group health plan coverage midyear if the employee's status changes so that the employee is expected to average less than 30 hours of service, even if the reduction of hours does not result in loss of eligibility for the plan. However, the mid-year change must correspond to the employee's intended enrollment (and the intended enrollment of any related individuals whose coverage is being dropped) in other minimum essential coverage (MEC). The new MEC coverage must be effective no later than the first day of the second month following the month in which the original coverage is dropped. For example, other minimum essential coverage could mean intended enrollment in Health Insurance Marketplace coverage, minimum essential coverage through the spouse's group health plan, to change to a different medical plan option of the employee's own employer or to enroll in Medicaid/CHIP.
16. **Exchange Coverage.** An employee who is eligible to enroll in Marketplace coverage (during a Marketplace special enrollment or open enrollment period) may prospectively drop the Trust's group health plan coverage midyear, but only if the change corresponds to the employee's intended enrollment (and the intended enrollment of any related individuals whose coverage is being dropped) in Marketplace coverage that is effective no later than the day after the last day of the original coverage. This means that the Trust's group health plan coverage is not to be terminated until Marketplace coverage takes effect.

These rules apply to making changes to your benefit coverage(s) during the year:

1. Any change you make to your benefits must be determined by the Plan Administrator or its designee to be necessary, appropriate to and consistent with the change in status; *(For example, if mid-year, the employee and Spouse deliver a newborn child they can add that child to this Plan but it would be inconsistent with a birth event to drop the Spouse from coverage at this time)* **and**
2. You must notify the Plan in writing within 31 days of the change in status, otherwise, the request will not be considered to be made on account of your change of status and you will have to wait until the next Open Enrollment period to make your changes in coverage. (You have 60 days from the loss of eligibility for Medicaid or CHIP to request to enroll in this Plan as discussed under Special Enrollment); **and**
3. If you have a permissible change in status, you are only allowed to make changes to your coverage that are consistent with the change of status event. Generally only coverage for the individual who has lost eligibility as a result of a change of status (or who has gained eligibility elsewhere and actually enrolled for that coverage) can be dropped mid-year from this Plan. Generally, proof of the change of status event will be required; **and**

4. If you will be adding an eligible individual to the Plan, **coverage changes associated with a mid-year change of status opportunity for benefits-eligible persons must be prospective** and are therefore effective the first day of the month following the change, provided you submit a completed enrollment change form to your Human Resources department, except for:

- Newborns, who are effective on the date of birth and
- Children adopted or placed for adoption, who are effective on the date of adoption or placement for adoption.

A Brief Summary of Common Change of Status Events and the Mid-Year Enrollment Changes Allowed Under the Medical Plan Mid-year changes <u>are only those permitted in accordance with Section 125 of the Internal Revenue Code</u> . Generally, proof of the change of status event will be required. This chart is only a summary of some of the permitted medical plan changes and is not all inclusive. This chart should NOT be referenced for a Health FSA or Dependent Care Assistance Plan (DCAP).		
If you experience the following Event...	You may make the following change(s) within 31 days of the Event.	YOU MAY NOT make these types of changes...
REMINDER: Failure to notify the Plan within 60 days of the date of a divorce or the date a child loses eligibility will cause the individuals losing coverage to forfeit the right to elect COBRA continuation coverage.

GENERAL PROVISIONS SECTION

I. Termination Or Modification Of A Participant's Coverage Under this Plan

- A.** If an Enrollee ceases to be an Eligible Employee or the Group does not remit the required contribution, the Enrollee's coverage and the coverage of any and all enrolled Eligible Dependents will terminate on the last day of the last month for which payment was made. If the Group does not remit the required payments as required by the Administrative Services Agreement and Blue Cross of Idaho elects to terminate this Agreement, the enrollee's coverage and the coverage of any and all enrolled Eligible Dependents will terminate on the last day for which the Group reimbursed Blue Cross of Idaho for the payment of claims and administrative fees.
- B.** Except as provided in this paragraph, coverage for a Participant who is no longer eligible under this Plan will terminate on the last day of the month in which a Participant no longer qualifies as a Participant, as defined in the Eligibility and Enrollment Section. Coverage will not terminate because of age for a Participant who is a dependent child incapable of self-sustaining employment by reason of intellectual disability or physical handicap, who became so incapable prior to reaching the age limit, and who is chiefly dependent on the Enrollee for support and maintenance, provided the Enrollee, within thirty-one (31) days of when the dependent child reaches the age limit, has submitted to BCI (at the Enrollee's expense) a Physician's certification of such dependent child's incapacity. BCI, on behalf of the Plan Administrator, may require, at reasonable intervals during the two (2) years following when the child reaches the age limit, subsequent proof of the child's continuing disability and dependency. After two (2) years, BCI, on behalf of the Plan Administrator, may require such subsequent proof once each year. Coverage for the dependent child will continue so long as this Plan remains in effect, the child's disability and financial dependency exists, and the child has not exhausted benefits.
- C.** Termination or modification of this Plan automatically terminates or modifies all of the Participant's coverage and rights hereunder. It is the responsibility of the Group to notify all of its Participants of the termination or any modification of this Plan, and BCI's notice to the Group, upon mailing or any other delivery, constitutes complete and conclusive notice to the Participants.
- D.** Except as otherwise provided in this Plan, no benefits are available to a Participant for Covered Services rendered after the date of termination of a Participant's coverage.
- E.** The Plan Administrator, may terminate or retroactively rescind a Participant's coverage under this Plan for any intentional misrepresentation, omission, or concealment of fact by, concerning, or on behalf of any Participant that was or would have been material to the Plan Administrator's acceptance of a risk, extension of coverage, provision of benefits, or payment of any claim.
- F.** Prior to legal finalization of an adoption, the coverage provided in this Plan for a child placed for adoption with an Enrollee continues as it would for a naturally born child of the Enrollee until the first of the following events occurs:
1. The date the child is removed permanently from placement and the legal obligation terminates, or
 2. The date the Enrollee rescinds, in writing, the agreement of adoption or the agreement assuming financial responsibility.
- If one (1) of the foregoing events occurs, coverage terminates on the last day of the month in which such event occurs.
- G.** Coverage under this Plan will terminate for an Eligible Dependent on the last day of the month he or she no longer qualifies as an Eligible Dependent due to a change in eligibility status.

II. When The Plan Can End Your Coverage for Cause

In accordance with the requirements in the Affordable Care Act, the Plan will not retroactively cancel coverage (a rescission) except when contributions are not timely paid, or in cases when an individual performs an act, practice or omission that constitutes fraud, or makes an intentional misrepresentation of material fact that is prohibited by the terms of the Plan, (for example, failure to timely notify the Plan of a divorce, is not a rescission), as discussed below:

A. The Plan Administrator or its designee may end your coverage and/or the coverage of any of your covered Dependents for cause 30 days after it gives you written notice of its finding that you or your covered Dependent:

1. **engages in an act, practice or omission that constitutes fraud or an intentional misrepresentation of a fact** in any enrollment, claim or other form in order to obtain coverage, services or benefits under the Plan; or
2. **allowed anyone else to use the identification card** that entitles you or your covered Dependent to coverage, services or benefits under the Plan; or
3. **altered any prescription** furnished by a Physician or other Health Care Practitioner.

If your coverage is terminated for any of the above reasons, it may be terminated retroactively to the date that you or your covered Dependent performed or permitted the acts described above.

For example, you must immediately notify your Human Resource department, in writing, of any change in eligibility status for any Dependent enrolled for coverage under the Plan, such as divorce or other event resulting in a loss of eligibility. A failure to notify the Plan of such a change in status will be deemed an act of omission constituting fraud or an intentional misrepresentation of a fact by the Participant and ineligible Dependent.

B. The Plan Administrator or its designee may end your coverage and/or the coverage of any of your covered Dependents for cause 30 days after it gives you written notice of its finding that you or your covered Dependent(s) engaged in **conduct that was abusive, obstructive, or otherwise detrimental to a Physician or Health Care Practitioner**. If your coverage is terminated for this reason, it will be terminated on a going forward basis.

C. The Plan Administrator or its designee may end your coverage and/or the coverage of any of your covered Dependents for cause 15 days after it gives you written notice of its finding that you have failed to pay your contribution payment. In this instance, your coverage may be terminated retroactively to the date of the delinquent contribution payment. In addition, your coverage may be suspended during the 15-day notice period.

III. Plan Administrator—COBRA

BCI is not the plan administrator for compliance with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) and any amendments to it. Except for services BCI has agreed to perform regarding COBRA, the Plan Sponsor is responsible for satisfaction of notice, disclosure, and other obligations if these laws are applicable to the Group.

IV. Contract Between BCI And The Group—Description Of Coverage

This Plan is a contract between BCI and the Group. BCI will provide the Group with copies of the Plan to give to each Enrollee as a description of coverage or provide electronic access to the Plan, but this Plan shall not be construed as a contract between BCI and any Enrollee. BCI's mailing or any other delivery of this Plan to the Group constitutes complete and conclusive issuance and delivery thereof to each Enrollee.

- B.** In the event of an Inpatient Admission that occurs prior to the Group's transfer to BCI and the Effective Date of coverage under this Plan, benefits will be provided only when the Participant receives services that are Covered Services under this Plan. The outgoing carrier has primary responsibility for providing benefits for the Inpatient treatment from the date of admission until the first of the following events occur:
- The Participant is discharged,
 - The Benefit Period under the previous coverage ends, or
 - Until benefits under the outgoing carrier's policy are exhausted.
- BCI will provide benefits for Covered Services incurred following the Effective Date of coverage reduced by the benefits paid by the outgoing carrier.
- C.** Benefits will be provided only if Covered Services are prescribed by, or performed by, or under the direction of a Physician or other Professional Provider and are regularly and customarily included in such Providers' charges.
- D.** Covered Services are subject to the availability of Licensed General Hospitals and other Facility Providers and the ability of the employees of such Providers and of available Physicians to provide such services. The Plan Administrator and/or BCI shall not assume nor have any liability for conditions beyond its control which affect the Participant's ability to obtain Covered Services.
- E.** Group intends the Plan to be permanent, but because future conditions affecting Group cannot be anticipated or foreseen, Group reserves the right to amend, modify, or terminate the Plan at any time, which may result in the termination or modification of the Participants' Coverage. Expenses incurred prior to the Plan modification or termination will be paid as provided under the terms of the Plan prior to its modification or termination. Any material change made to this Plan will be provided in writing within sixty (60) days of the Effective Date of change.

VII. Notice Of Claim

BCI will process claims for benefits on behalf of the Group according to the Administrative Services Agreement between the parties. A claim for Covered Services must be submitted within one year from the date of service and must include all the information necessary for BCI, on behalf of the Plan Administrator, to determine benefits.

VIII. Release And Disclosure Of Medical Records And Other Information

- A.** In order to effectively apply the provisions of this Plan, BCI may obtain information from Providers and other entities pertaining to any health related services that the Participant may receive or may have received in the past. BCI may also disclose to Providers and other entities, information obtained from the Participant's transactions such as policy coverage, contributions, payment history and claims data necessary to allow the processing of a claim and for other health care operations. To protect the Participant's privacy, BCI treats all information in a confidential manner. For further information regarding BCI's privacy policies and procedures, the Participant may request a copy of BCI's Notice of Privacy Practices by contacting Customer Service at the number provided in this Plan.
- B.** As a condition of coverage under this Plan, each Participant authorizes Providers to testify at BCI's request as to any information regarding the Participant's medical history, services rendered, and treatment received. Any and all provisions of law or professional ethics forbidding such disclosures or testimony are waived by and in behalf of each Participant.

HIPAA: USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION

Effective April 14, 2003, a federal law, the **Health Insurance Portability and Accountability Act of 1996 (HIPAA)**, as amended by the Health Information Technology for Economic and Clinical Health Act (HITECH), requires that certain self-funded health plans sponsored by the Boise Municipal Health Care Trust (hereafter referred to as the “Plan”), maintain the privacy of your personally identifiable health information (called **Protected Health Information or PHI**).

- The term “**Protected Health Information (PHI)**” includes all information related to your past, present or future health condition(s) that individually identifies you or could reasonably be used to identify you and is transferred to another entity or maintained by the Plan in oral, written, electronic or any other form.
- **PHI does not include** health information contained in employment records held by your employer in its role as an employer, including but not limited to health information on disability, work-related illness/injury, sick leave, Family and Medical Leave (FMLA), life insurance, dependent care FSA, drug testing, etc.

A complete description of your rights under HIPAA can be found in the Plan’s Notice of Privacy Practices, which was distributed to you upon enrollment in the Plan and is also available from your Human Resources department and the employee benefits website. Information about HIPAA in this document is not intended to and cannot be construed as the Plan’s Notice of Privacy Practices.

The Plan, and the Plan Sponsor (the Board of Trustees for the Boise Municipal Health Care Trust), will not use or further disclose information that is protected by HIPAA (“protected health information or PHI”) except as necessary for treatment, payment, health care operations and Plan administration, or as permitted or required by law. **In particular, the Plan will not, without your written authorization, use or disclose protected health information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor.**

Except as permitted by HIPAA, the Plan will only use or disclose your PHI for marketing purposes or sell (exchange) your PHI for remuneration (payment), with your written authorization. The Plan may disclose PHI to the Plan Sponsor for the purpose of reviewing a benefit claim, appeal or for other reasons related to the administration of the Plan.

- A. The Plan’s Use and Disclosure of PHI:** The Plan will use protected health information (PHI), without your authorization or consent, to the extent and in accordance with the uses and disclosures permitted by the privacy regulations under the HIPAA. Specifically, the Plan will use and disclose protected health information for purposes related to health care treatment, payment for health care, and health care operations (sometimes referred to as TPO), as defined below.
- **Treatment** is the provision, coordination or management of health care and related services. It also includes but is not limited to consultations and referrals between one or more of your health care providers. The Plan rarely, if ever, uses or discloses PHI for treatment purposes.
 - **Payment** includes activities undertaken by the Plan to obtain contributions or determine or fulfill its responsibility for coverage and provision of Plan benefits with activities that include, but are not limited to, the following:
 - a. Determination of eligibility, coverage, cost sharing amounts (e.g. cost of a benefit, Plan maximums, and copayments as determined for an individual’s claim), and establishing employee contributions for coverage;
 - b. Claims management and related health care data processing, adjudication of health benefit claims (including appeals and other payment disputes), coordination of benefits, subrogation of health benefit claims, billing, collection activities and related health care data processing, and claims auditing; and

- c. Medical necessity reviews, reviews of appropriateness of care or justification of charges, utilization management, including precertification, concurrent review and/or retrospective review.

- **Health Care Operations** includes, but is not limited to:

- a. Business planning and development, such as conducting cost-management and planning-related analyses for the management of the Plan, development or improvement of methods of payment or coverage policies, quality assessment, patient safety activities;
- b. Population-based activities relating to improving health or reducing health care costs, protocol development, case management and care coordination, disease management, contacting of health care providers and patients with information about treatment alternatives and related functions;
- c. Underwriting (the Plan does not use or disclose PHI that is genetic information as defined in 45 CFR 160.103 for underwriting purposes as set forth in 45 CFR 164.502(a)(5)(1)), enrollment, contribution rating, and other activities relating to the renewal or replacement of a contract of health insurance or health benefits, rating provider and Plan performance, including accreditation, certification, licensing, or credentialing activities;
- d. Conducting or arranging for medical review, legal services and auditing functions, including fraud and abuse detection and compliance programs;
- e. Business management and general administrative activities of the Plan, including, but not limited to management activities relating to implementation of and compliance with the requirements of HIPAA Administrative Simplification, customer service, resolution of internal grievances, or the provision of data analyses for policyholders, Plan sponsors, or other customers.

B. When an Authorization Form is Needed: Generally the Plan will require that you sign a valid authorization form (available from your Human Resources department) in order for the Plan to use or disclose your PHI **other than** when you request your own PHI, a government agency requires it, or the Plan uses it for treatment, payment or health care operations or other instance in which HIPAA explicitly permits the use or disclosure without authorization. The Plan's Notice of Privacy Practices also discusses times when you will be given the opportunity to agree or disagree before the Plan uses and discloses your PHI.

C. The Plan will disclose PHI to the Plan Sponsor only upon receipt of a certification from the Plan Sponsor that the Plan documents have been amended to incorporate the following provisions. With respect to PHI, the Plan Sponsor agrees to:

1. Not use or disclose the information other than as permitted or required by the Plan Document or as required by law;
2. Ensure that any agents, including their subcontractors, to whom the Plan Sponsor provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to such information. This Plan hires professionals and other companies, referred to as Business Associates, to assist in the administration of benefits. The Plan requires these Business Associates to observe HIPAA privacy rules;
3. Not use or disclose the information for employment-related actions and decisions;
4. Not use or disclose the information in connection with any other benefit or employee benefit Plan of the Plan Sponsor, (unless authorized by the individual or disclosed in the Plan's Notice of Privacy Practices);

5. Report to the Plan any use or disclosure of the information that is inconsistent with the uses or disclosures provided for of which it becomes aware;
6. Make PHI available to the individual in accordance with the access requirements of HIPAA;
7. Make PHI available for amendment and incorporate any amendments to PHI in accordance with HIPAA;
8. Make available the information required to provide an accounting of PHI disclosures;
9. Make internal practices, books, and records relating to the use and disclosure of PHI received from the group health Plan available to the Secretary of the Dept. of Health and Human Services (HHS) for the purposes of determining the Plan's compliance with HIPAA;
10. If feasible, return or destroy all PHI received from the Plan that the Plan Sponsor maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made. If return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the PHI infeasible; and
11. If a breach of your unsecured protected health information (PHI) occurs, the Plan will notify you.

D. In order to ensure that adequate separation between the Plan and the Plan Sponsor is maintained in accordance with HIPAA, only the following employees or classes of employees may be given access to use and disclose PHI:

1. Your Human Resources staff charged with administration of the Plan;
2. Business Associates under contract to the Plan including but not limited to the vendors who assist in administering our self-funded health plans such as the Medical plan claims administrator and preferred provider organization network, utilization management company, outpatient prescription drug program, wellness program, Dental and Vision Plan claims administrators and network administrators, COBRA administrator, etc.

E. The persons described in section D above may only have access to and use and disclose PHI for Plan administration functions that the Plan Sponsor performs for the Plan. If these persons do not comply with this obligation, the Plan Sponsor has designed a mechanism for resolution of noncompliance. **Issues of noncompliance** (including disciplinary sanctions as appropriate) will be investigated and managed by the Plan Sponsor's Privacy Officer:

If you are a minor and have concerns about the Plan releasing PHI to your parents or guardian, please contact the Privacy Officer.

F. Effective April 21, 2005 in compliance with **HIPAA Security** regulations, the Plan Sponsor will:

1. Implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of electronic PHI that it creates, receives, maintains or transmits on behalf of the group health plan,
2. Ensure that the adequate separation discussed in D above, specific to electronic PHI, is supported by reasonable and appropriate security measures,
3. Ensure that any agent, including a subcontractor, to whom it provides electronic PHI agrees to implement reasonable and appropriate security measures to protect the electronic PHI, and
4. Report to the Plan any security incident of which it becomes aware concerning electronic PHI.

- G. Hybrid Entity:** For purposes of complying with the HIPAA Privacy rules, this Plan is a “hybrid entity” because it has both group health plan functions (a health care component of the entity) and non-group health plan functions. The Plan designates that its health care group health plan functions are covered by the privacy rules. The health care group health plan functions include the self-funded medical plan options, self-funded dental plan options, self-funded vision plan options, wellness program, COBRA administration and Health Flexible Spending Account (FSA) administration.

IX. Exclusion Of General Damages

Liability under this Plan for benefits conferred hereunder, including recovery under any claim or breach of this Plan, shall be limited to the actual benefits for Covered Services as provided herein and shall specifically exclude any claim for general damages, including but not limited to, alleged pain, suffering or mental anguish, or for economic loss, or consequential loss or damages.

X. Payment Of Benefits

Blue Cross of Idaho provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

- A.** BCI, on behalf of the Plan Administrator, is authorized by the Participant to make payments directly to Providers rendering Covered Services to the Participant for benefits provided under this Plan. Notwithstanding this authorization, BCI, on behalf of the Plan Administrator, reserves and shall have the right to make such payments directly to the Participant. Except as provided by law, BCI’s right, on behalf of the Plan Administrator, to pay a Participant directly is not assignable by a Participant nor can it be waived without BCI’s concurrence, on behalf of the Plan Administrator, nor may the right to receive benefits for Covered Services under this Plan be transferred or assigned, either before or after Covered Services are rendered. Payments will also be made in accordance with any assignment of rights required by state Medicaid plan.

- B.** Blue Cross of Idaho prohibits direct or indirect payment by third parties unless it meets the standards set below.

Family, friends, religious institutions, private, not-for-profit foundations such as Indian tribes, tribal organizations, urban Indian organizations, state and federal government programs or grantees or sub-grantees such as the Ryan White HIV/AIDS Program and other similar entities are not prohibited from paying contribution on behalf of an individual receiving medical treatment. Cost-sharing contributions made from permitted third parties will be applied to the Participants applicable Deductible and/or Out-of-Pocket Limit.

Each of the following criteria must be met for BCI to accept a third party payment:

1. the assistance is provided on the basis of the Participant’s financial need;
2. the institution/organization is not a healthcare Provider; and
3. the institution/organization is not financially interested. Financially interested institutions/organizations include institutions/organizations that receive the majority of their funding from entities with a pecuniary interest in the payment of health insurance claims, or institutions/organizations that are subject to direct or indirect control of entities with a pecuniary interest in the payment of health insurance claims.

To assist in appropriately applying cost-sharing contributions made from a permitted third party to the Participants applicable Deductible and/or Out-of-Pocket Limit, the Participant is encouraged to provide notification to BCI if they receive any form of assistance for payment of their contribution, Cost-sharing, Copayment or Deductible amounts.

Contributions submitted in violation of this provision will not be accepted and the Enrollee’s Plan may be terminated for non-payment. Cost-sharing contributions made from non-permitted third parties will not be applied to the Participants applicable Deductible and/or Out-of-Pocket Limit. BCI will inform the Participant in writing of the reason for rejecting or otherwise refusing to treat a third party payment as a payment from the Participant and of the Participant’s right to file a complaint with the Department of Insurance.

- C. Once Covered Services are rendered by a Provider, BCI, on behalf of the Plan Administrator, shall not be obliged to honor Participant requests not to pay claims submitted by such Provider, and BCI, on behalf of the Plan Administrator, shall have no liability to any person because of its rejection of such request; however, in its sole discretion, for good cause, BCI, on behalf of the Plan Administrator, may nonetheless deny all or any part of any Provider claim.

XI. Participant/Provider Relationship

- A. The choice of a Provider is solely the Participant's.
- B. BCI does not render Covered Services but only makes payment for Covered Services received by Participants. BCI and the Plan Administrator are not liable for any act or omission or for the level of competence of any Provider, and BCI and the Plan Administrator have no responsibility for a Provider's failure or refusal to render Covered Services to a Participant.
- C. The use or nonuse of an adjective such as Contracting or Noncontracting is not a statement as to the ability of the Provider.

XII. Participating Plan

BCI may, in its sole discretion, make an agreement with any appropriate entity (referred to as a Participating Plan) to provide, in whole or in part, benefits for Covered Services to Participants, but it shall have no obligation to do so.

XIII. Coordination Of This Plan's Benefits With Other Benefits

This Coordination of Benefits (COB) provision applies when a Participant has health care coverage under more than one (1) Contract. Contract is defined below.

The Order of Benefit Determination Rules govern the order in which each Contract will pay a claim for benefits. The Contract that pays first is called the Primary Contract. The Primary Contract must pay benefits in accordance with its policy terms without regard to the possibility that another Contract may cover some expenses. The Contract that pays after the Primary Contract is the Secondary Contract. The Secondary Contract may reduce the benefits it pays so that payments from all Contracts does not exceed one hundred percent (100%) of the total Allowable Expenses.

A. Definitions

- 1. A Contract is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same contract and there is no COB among those separate contracts.
 - a) Contract includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - b) Contract does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefit for non-medical components of long-term care policies; Medicare supplement policies; Medicare or any other federal governmental plans, unless permitted by law.

Each Contract for coverage under a) or b) is a separate Contract. If a Contract has two (2) parts and COB rules apply only to one (1) of the two (2), each of the parts is treated as a separate Contract.

- 2. This Contract means, in a COB provision, the part of the Contract providing the health care benefits to which the COB provision applies and which may be reduced because of the

benefits of other Contracts. Any other part of the Contract providing health care benefits is separate from this plan. A Contract may apply one (1) COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply under COB provision to coordinate other benefits.

3. The Order of Benefit Determination Rules determine whether This Contract is a Primary Contract or Secondary Contract when the Participant has health care coverage under more than one (1) Contract. When This Contract is primary, it determines payment for its benefits first before those of any other Contract without considering any other Contract's benefits. When This Contract is secondary, it determines its benefits after those of another Contract and may reduce the benefits it pays so that all Contract benefits do not exceed one hundred percent (100%) of the total Allowable Expense.
4. Allowable Expense is a health care expense, including Deductibles, Cost-sharing and Copayments, that is covered at least in part by any Contract covering the Participant. When a Contract provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Contract covering the Participant is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- a) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the Contracts provides coverage for private hospital room expenses.
 - b) If a Participant is covered by two (2) or more Contracts that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology, or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 - c) If a Participant is covered by two (2) or more Contracts that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 - d) If a Participant is covered by one (1) Contract that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Contract that provides its benefits or services on the basis of negotiated fees, the Primary Contract's payment arrangement shall be the Allowable Expense for all Contracts. However, if the provider has contracted with the Secondary Contract to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Contract's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Contract to determine its benefits.
 - e) The amount of any benefit reduction by the Primary Contract because a covered person has failed to comply with the Contract provisions is not an Allowable Expense. Examples of these types of Contract provisions include second surgical opinions, pre-certificate of admissions, and preferred provider arrangements.
5. Closed Panel Plan is a Contract that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

6. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

B. Order Of Benefit Determination Rules

When a Participant is covered by two (2) or more Contracts, the rules for determining the order of benefit payments are as follows:

1. The Primary Contract pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Contract.
2.
 - a) Except as provided in Paragraph 2.b) below, a Contract that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Contracts state that the complying Contract is primary.
 - b) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Contract provided by the Contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.
3. A Contract may consider the benefits paid or provided by another Contract in calculating payment of its benefits only when it is secondary to that other Contract.
4. Each Contract determines its order of benefits using the first of the following rules that apply:
 - a) Non-Dependent or Dependent. The Contract that covers the Participant other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Contract and the Contract that covers the Participant as a dependent is the Secondary Contract. However, if the Participant is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Contract covering the Participant as a dependent; and primary to the Contract covering the Participant as other than a dependent (e.g. a retired employee); then the order of benefits between the two Contracts is reversed so that the Contract covering the Participant as an employee, member, policyholder, subscriber or retiree is the Secondary Contract and the other Contract is the Primary Contract.
 - b) Dependent Child Covered Under More Than One Contract. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Contract the order of benefits is determined as follows:
 - (1) For a dependent child whose parents are married or are living together, whether or not they have ever been married: The Contract of the parent whose birthday falls earlier in the calendar year is the Primary Contract; or if both parents have the same birthday, the Contract that has covered the parent the longest is the Primary Contract.
 - (2) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Contract of that parent has actual knowledge of those terms, that Contract is primary. This rule applies to Contract year commencing after the Contract is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the health care expenses or health care coverage of the dependent

- child, the provisions of Subparagraph (1) shall determine the order of benefits;
- iii. If a court decree states both parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage, the provisions of Subparagraph (1) above shall determine the order of benefits;
 - iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - 1. The Contract covering the Custodial Parent;
 - 2. The Contract covering the spouse of the Custodial Parent;
 - 3. The Contract covering the non-Custodial Parent; and then
 - 4. The Contract covering the spouse of the non-Custodial Parent.

For a dependent child covered under more than one Contract of individuals who are not the parents of the child, the provisions of Subparagraph (1) or (2) above shall determine the order of benefits as if those individuals were the parents of the child.

- c) **Active Employee or Retired or Laid-off Employee.** The Contract that covers a Participant as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Contract. The Contract covering that same Participant as a retired or laid-off employee is the Secondary Contract. The same would hold true if a Participant is a dependent of an active employee and that same Participant is a dependent of a retired or laid-off employee. If the other Contract does not have this rule, and as a result, the Contracts do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4.a) can determine the order of benefits.
- d) **COBRA or State Continuation Coverage.** If a Participant whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Contract, the Contract covering the Participant as an employee, member, subscriber or retiree or covering the Participant as a dependent of an employee, member, subscriber or retiree is the Primary Contract and the COBRA or state or other federal continuation coverage is the Secondary Contract. If the other Contract does not have this rule, and as a result, the Contracts do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4.a) can determine the order of benefits.

CONTINUATION OF COVERAGE (COBRA)

Entitlement to COBRA Continuation Coverage

In compliance with a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (commonly called COBRA), eligible employees, eligible retirees and their covered Dependents (called "Qualified Beneficiaries") will have the opportunity to elect a temporary continuation of their group health coverage ("COBRA Continuation Coverage") under the Plan when that coverage would otherwise end because of certain events (called "Qualifying Events" by the law).

Other Health Coverage Alternatives to COBRA

Note that you may also have other health coverage alternatives to COBRA available to you that can be purchased through the **Health Insurance Marketplace** (*the Marketplace helps people without health coverage find and enroll in a health plan.*

See your state Health Insurance Marketplace or visit the federal Marketplace at www.healthcare.gov).

Also, in the Marketplace you could be eligible for a tax credit that lowers your monthly premiums for Marketplace-purchased coverage. Being eligible for COBRA does not limit your eligibility for coverage for a tax credit. Also, you may qualify for a special enrollment opportunity for another group health plan for which you are eligible (such as a spouse's plan), if you request enrollment in that other plan within 30 days of losing coverage under this Plan, even if that other plan generally does not accept late enrollees.

Qualified Beneficiaries who elect COBRA Continuation Coverage must pay for it at their own expense.

This Plan provides no greater COBRA rights than what is required by law and nothing in this chapter is intended to expand a person's COBRA rights.

COBRA Administrator: The name, address and telephone number of the COBRA Administrator responsible for the administration of COBRA, is:

COBRA Administrator
625 W. Idaho St
Boise ID 83702
208-972-8100

IMPORTANT:

This chapter serves as a notice to summarize your rights and obligations under the COBRA Continuation Coverage law. It is provided to all covered employees, retirees, and their covered Spouses and is intended to inform them (and their covered dependents, if any) in a summary fashion about COBRA coverage, when it may become available and what needs to be done to protect the right to receive COBRA coverage. Since this is only a summary, actual rights will be governed by the provisions of the COBRA law itself. It is important that you and your Spouse take the time to read this notice carefully and be familiar with its contents.

Who Is Entitled to COBRA Continuation Coverage, When and For How Long

Each Qualified Beneficiary **has an independent right to elect COBRA** Continuation Coverage when a Qualifying Event occurs, **and** as a result of that Qualifying Event that person's health care coverage ends, either as of the date of the Qualifying Event or as of some later date. Covered employees, and retirees may elect COBRA on behalf of their spouses and covered parents/legal guardians may elect COBRA for a minor child. A Qualified Beneficiary also has the same rights and enrollment opportunities under the Plan as other covered individuals including Special Enrollment and Open Enrollment.

1. **"Qualified Beneficiary":** Under the law, a Qualified Beneficiary is any Employee, or retiree or the Spouse or Dependent Child of an employee, or retiree who is covered by the Plan when a Qualifying Event occurs, and who is therefore entitled to elect COBRA Continuation Coverage. A child who becomes a Dependent Child by birth, adoption or placement for adoption with the covered Qualified Beneficiary during a period of COBRA Continuation Coverage is also a Qualified Beneficiary.
 - A child of the covered employee, or retiree who is receiving benefits under the Plan because of a Qualified Medical Child Support Order (QMCSO), during the employee's period of employment, is entitled to the same rights under COBRA as an eligible dependent child.

- A person who becomes the new Spouse of an existing COBRA participant during a period of COBRA Continuation Coverage may be added to the COBRA coverage of the existing COBRA participant but is not a “Qualified Beneficiary.” This means that if the existing COBRA participant dies or divorces before the expiration of the maximum COBRA coverage period, the new Spouse is not entitled to elect COBRA for him/herself.
2. **“Qualifying Event”:** Qualifying Events are those shown in the chart below. Qualified Beneficiaries are entitled to COBRA Continuation Coverage when Qualifying Events (which are specified in the law) occur, **and**, as a result of the Qualifying Event, coverage of that Qualified Beneficiary ends. **A Qualifying Event triggers the opportunity to elect COBRA when the covered individual LOSES health care coverage under this Plan.** If a covered individual has a Qualifying Event but, as a result, **does not lose** their health care coverage under this Plan, (e. g. employee continues working even though entitled to Medicare) then COBRA is not available.

The following chart lists the COBRA Qualifying Events, who can be a Qualified Beneficiary and the maximum period of COBRA coverage based on that Qualifying Event:

Qualifying Event Causing Health Care Coverage to End	Duration of COBRA for Qualified Beneficiaries ¹		
	Employee	Spouse	Dependent Child(ren)
Employee terminates (for other than gross misconduct), including retirement.	18 months	18 months	18 months
Employee reduction in hours worked (making employee ineligible for the health care coverage).	18 months	18 months	18 months
Employee dies.	N/A	36 months	36 months
Employee becomes divorced or legally separated.	N/A	36 months	36 months
Dependent Child ceases to have Dependent status.	N/A	N/A	36 months
Retiree coverage is terminated or coverage is substantially reduced within one year before or after the employer files for bankruptcy reorganization under Chapter 11 of the federal Bankruptcy Act.	Retiree: for Life	Varies ²	Varies ²

¹: When a covered employee’s Qualifying Event (e.g. termination of employment or reduction in hours) occurs within the 18-month period after the employee becomes entitled to Medicare (entitlement means the employee is eligible for and enrolled in Medicare), the employee’s covered Spouse and dependent children who are Qualified Beneficiaries (but not the employee) may become entitled to COBRA coverage for a maximum period that ends 36 months after the Medicare entitlement.

²: Employer’s bankruptcy under Title 11 of the US Code may trigger COBRA coverage for certain retirees and their related Qualified Beneficiaries such as COBRA coverage for the life of the retiree. The retiree’s Spouse and dependent children are entitled to COBRA for the life of the retiree and if they survive the retiree, for 36 months after the retiree’s death. If the retiree is not living when the Qualifying Event occurs, but the retiree’s surviving Spouse is alive and covered by the group health plan, then that surviving Spouse is entitled to coverage for life.

Special Enrollment Rights

You have special enrollment rights under federal law that allow you to request special enrollment under another group health plan for which you are otherwise eligible (such as a plan sponsored by your Spouse's employer) within 30 days (or as applicable 60 days) after your group health coverage ends because of the Qualifying Events listed in this chapter. The special enrollment right is also available to you if you continue COBRA for the maximum time available to you.

Maximum Period of COBRA Continuation Coverage

The maximum period of COBRA Continuation Coverage is generally either 18 months or 36 months, depending on which Qualifying Event occurred, measured from the date the Qualifying Event occurs or loss of Plan coverage (generally the end of the month in which the Qualifying Event occurred). The 18-month period of COBRA Continuation Coverage may be extended for up to 11 months under certain circumstances (described in another section of this chapter on extending COBRA in cases of disability). The maximum period of COBRA coverage may be cut short for the reasons described in the section on "Early Termination of COBRA Continuation Coverage" that appears later in this chapter.

Medicare Entitlement

A person becomes entitled to Medicare on the first day of the month in which he or she attains age 65, but only if he or she submits the required application for Social Security retirement benefits within the time period prescribed by law. Generally a person becomes entitled to Medicare on the first day of the 30th month after the date on which he or she was determined by the Social Security Administration to be totally and permanently disabled so as to be entitled to Social Security disability income benefits.

Procedure for Notifying the Plan of a Qualifying Event (Very Important Information)

In order to have the chance to elect COBRA Continuation Coverage after loss of coverage due to these events: a divorce or legal separation, or a child ceasing to be a "dependent child" under the Plan, **you and/or a family member must inform the Plan in writing of that event no later than 60 days after that Qualifying Event occurs.**

That written notice should be sent to the COBRA Administrator at:

COBRA Administrator
625 W. Idaho St
Boise ID 83702
208-972-8100

The written notice can be sent via first class mail, or be hand-delivered, and is to include your name, the Qualifying Event, the date of the event, and appropriate documentation in support of the Qualifying Event, such as divorce documents.

NOTE: If such a notice is not received by the COBRA Administrator within the 60-day period, the Qualified Beneficiary will not be entitled to choose COBRA Continuation Coverage.

Officials of the employee's own employer should notify the COBRA Administrator within 31 days of these events: an employee's death, termination of employment including retirement, reduction in hours making the employee ineligible for coverage, or entitlement to Medicare (if it causes the employee to be ineligible for coverage). However, **you or your family should also promptly notify the COBRA Administrator in writing** if any such event occurs in order to avoid

confusion over the status of your health care in the event there is a delay or oversight in providing that notification.

Notices Related to COBRA Continuation Coverage

When:

- a. **your employer notifies the Plan** that your health care coverage has ended because your employment terminated, your hours are reduced so that you are no longer entitled to health care coverage under the Plan, you died, have become entitled to Medicare, or
- b. **you notify the COBRA Administrator** that a Dependent Child lost Dependent status, you divorced or have become legally separated, **then** the COBRA Administrator will give you and/or your covered Dependents notice of the date on which your coverage ends and the information and forms needed to elect COBRA Continuation Coverage. **Failure to notify the Plan in a timely fashion may jeopardize an individual's rights to COBRA coverage.** Under the law, you and/or your covered Dependents will then have only 60 days from the date of receipt of that notice to elect COBRA Continuation Coverage.

NOTE: If you and/or any of your covered dependents do not choose COBRA coverage within 60 days after receiving notice, you and/or they will have no group health coverage from this Plan after the date coverage ends.

The COBRA Continuation Coverage That Will Be Provided

If you elect COBRA Continuation Coverage, you will be entitled to the same health coverage that you had when the event occurred that caused your health coverage under the Plan to end, but you must pay for it. See the section on Paying for COBRA Continuation Coverage that appears later in this chapter for information about how much COBRA Continuation Coverage will cost you and about grace periods for payment of those amounts. If there is a change in the health coverage provided by the Plan to similarly situated active employees and their families, that same change will apply to your COBRA Continuation Coverage.

When COBRA Continuation Coverage of your participation in the health care flexible spending account (Health FSA) is available, it will be on the same terms outlined above for group health coverage, but since the person who elects COBRA will no longer be employed by their employer, it will not be possible to make contributions to the health care flexible spending account on a before-tax basis.

Paying for COBRA Continuation Coverage (The Cost of COBRA)

Any person who elects COBRA Continuation Coverage must pay the full cost of the COBRA Continuation Coverage. The Trust is permitted to charge the full cost of coverage for similarly situated active employees and families (including both the employer's and employee's share), plus an additional 2%. If the 18-month period of COBRA Continuation Coverage is extended because of disability, the Plan may add an additional 50% applicable to the COBRA family unit (but only if the disabled person is covered) during the 11-month additional COBRA period. Each person will be told the exact dollar charge for the COBRA Continuation Coverage that is in effect at the time he or she becomes entitled to it. The cost of the COBRA Continuation Coverage may be subject to future increases during the period it remains in effect.

NOTE: You may not receive an invoice (bill) for the initial COBRA contribution payment or for the monthly COBRA contribution payments. You

are responsible for making timely payments for COBRA continuation coverage to the COBRA Administrator.

IMPORTANT

There may not be invoices or payment reminders for COBRA contribution payments. You are responsible for making sure that timely COBRA contribution payments are made to the COBRA Administrator.

Grace Periods

The **initial payment** for the COBRA Continuation Coverage is due to the COBRA Administrator **no later than 45 days** after COBRA Continuation Coverage is elected. If this payment is not made when due, COBRA Continuation Coverage will not take effect.

After the initial COBRA payment, **subsequent payments** are due on the first day of each month, but there will be a **30-day grace period** to make those payments. If payments are not made within the 30-day time indicated in this paragraph, COBRA Continuation Coverage will be canceled as of the due date. Payment is considered made when it is postmarked.

For Monthly Payments, What If The Full COBRA Contribution Payment Is Not Made When Due?

If the COBRA Administrator receives a COBRA contribution payment that is not for the full amount due, the COBRA Administrator will determine if the COBRA contribution payment is short by an amount that is significant or not. A contribution payment will be considered to be **significantly short** of the required contribution payment if the shortfall exceeds the lesser of \$50 or 10% of the required COBRA contribution payment.

If there is a **significant shortfall** then COBRA continuation coverage will end as of the date for which the last full COBRA contribution payment was made.

If there is not a significant shortfall, the COBRA Administrator will notify the Qualified Beneficiary of the deficiency amount and allow a reasonable period of 30 days to pay the shortfall.

- If the shortfall is paid in the 30-day time period, then COBRA continuation coverage will continue for the month in which the shortfall occurred.
- If the shortfall is not paid in the 30-day time period, then COBRA continuation coverage will end as of the date for which the last full COBRA contribution payment was made (which may result in a mid-month termination of COBRA coverage).

Confirmation of Coverage Before Election or Payment of the Cost of COBRA Continuation Coverage

If a Health Care Provider requests confirmation of coverage and you, your Spouse or Dependent Child(ren) have elected COBRA Continuation Coverage and the amount required for COBRA Continuation Coverage has not been paid while the grace period is still in effect **or** you, your Spouse or Dependent Child(ren) are within the COBRA election period but have not yet elected COBRA, COBRA Continuation Coverage will be confirmed, but with notice to the Health Care Provider that the cost of the COBRA Continuation Coverage has not been paid, that no claims will be paid until the amounts due have been received, and that the COBRA Continuation Coverage will terminate effective as of the due date of any

unpaid amount if payment of the amount due is not received by the end of the grace period.

Addition of Newly Acquired Dependents

If, while you (the employee or retiree) are enrolled for COBRA Continuation Coverage, you have a newborn child, adopt a child, or have a child placed with you for adoption, you may enroll that child for COBRA Continuation Coverage if you do so within 31 days after the birth, adoption, or placement for adoption. The child will be entitled to the full duration of COBRA.

If you marry while you are enrolled for COBRA, your spouse is not a Qualified Beneficiary, but the spouse can be added for the remainder of the duration of your existing COBRA coverage.

Adding a Spouse or Dependent Child may cause an increase in the amount you must pay for COBRA Continuation Coverage. Contact the COBRA Administrator to add a dependent.

Loss of Other Group Health Plan Coverage

If, while you (the employee or retiree) are enrolled for COBRA Continuation Coverage your Spouse or dependent loses coverage under another group health plan, you may enroll the Spouse or dependent for coverage for the balance of the period of COBRA Continuation Coverage. The Spouse or dependent must have been eligible but not enrolled in coverage under the terms of the pre-COBRA plan and, when enrollment was previously offered under that pre-COBRA healthcare plan and declined, the Spouse or dependent must have been covered under another group health plan or had other health insurance coverage.

The loss of coverage must be due to exhaustion of COBRA Continuation Coverage under another plan, termination as a result of loss of eligibility for the coverage, or termination as a result of employer contributions toward the other coverage being terminated. Loss of eligibility does not include a loss due to failure of the individual or participant to pay contributions on a timely basis or termination of coverage for cause. You must enroll the Spouse or dependent within 31 days after the termination of the other coverage. Adding a Spouse or Dependent Child may cause an increase in the amount you must pay for COBRA Continuation Coverage.

Notice of Unavailability of COBRA Coverage

In the event the Plan is notified of a Qualifying Event but determines that an individual is not entitled to the requested COBRA coverage, the individual will be sent, by the COBRA Administrator an explanation indicating why COBRA coverage is not available. This notice of the unavailability of COBRA coverage will be sent according to the same timeframe as a COBRA election notice.

Extended COBRA Continuation Coverage When a Second Qualifying Event Occurs During an 18-Month COBRA Continuation Period

If, during an 18-month period of COBRA Continuation Coverage resulting from loss of coverage because of your termination of employment or reduction in hours, you die, become divorced or legally separated, become entitled to Medicare (Part A, Part B or both), or if a covered child ceases to be a Dependent Child under the Plan, the maximum COBRA Continuation period for the affected Spouse and/or child is extended to 36 months measured from the date of your termination of employment or reduction in hours (or the date you first became entitled to Medicare, if that is earlier, as described below).

NOTE: Medicare entitlement is not a Qualifying Event under this Plan and as a result, Medicare entitlement following a termination of coverage or reduction in hours will not extend COBRA to 36 months for Spouses and dependents who are Qualified Beneficiaries.

Notifying the Plan: To extend COBRA when a second Qualifying Event occurs, you must notify the COBRA Administrator in writing within 60 days of a second Qualifying Event. Failure to notify the Plan in a timely fashion may jeopardize an individual's rights to extended COBRA coverage. The written notice can be sent via first class mail, or be hand-delivered, and is to include your name, the second Qualifying Event, the date of the second Qualifying Event, and appropriate documentation in support of the second Qualifying Event, such as divorce documents.

This extended period of COBRA Continuation Coverage is not available to anyone who became your Spouse after the termination of employment or reduction in hours. This extended period of COBRA Continuation Coverage is available to any child(ren) born to, adopted by or placed for adoption with you (the covered employee) during the 18-month period of COBRA Continuation Coverage.

In no case is an Employee whose employment terminated or who had a reduction in hours entitled to COBRA Continuation Coverage for more than a total of 18 months (unless the Employee is entitled to an additional period of up to 11 months of COBRA Continuation Coverage on account of disability as described in the following section). As a result, if an Employee experiences a reduction in hours followed by termination of employment, the termination of employment is not treated as a second Qualifying Event and COBRA may not be extended beyond 18 months from the initial Qualifying Event.

In no case is anyone else entitled to COBRA Continuation Coverage for more than a total of 36 months (except for retirees who become entitled to COBRA because of a Chapter 11 bankruptcy reorganization proceeding on the part of the employee's employer.)

Extended COBRA Coverage in Certain Cases of Disability During an 18-Month COBRA Continuation Period

If, prior to the Qualifying Event or during the first 60 days of an 18-month period of COBRA Continuation Coverage, the Social Security Administration makes a formal determination that you or a covered Spouse or Dependent Child is totally and permanently disabled so as to be entitled to Social Security Disability Income benefits (SSDI), the disabled person and any covered family members who so choose, may be entitled to keep the COBRA Continuation Coverage for up to 29 months (instead of 18 months) or until the disabled person becomes entitled to Medicare or ceases to be disabled (whichever is sooner).

1. This extension is available only if:
 - the Social Security Administration determines that the individual's disability began at some time before the 60th day of COBRA Continuation Coverage; **and**
 - the disability lasts until at least the end of the 18-month period of COBRA Continuation Coverage.

Notifying the Plan: you or another family member need to follow this procedure (to notify the Plan) by sending a written notification to the COBRA Administrator of the Social Security Administration determination within 60 days after that

determination was received by you or another covered family member. Failure to notify the Plan in a timely fashion may jeopardize an individual's rights to extended COBRA coverage. The written notice can be sent via first class mail, or be hand-delivered, and is to include your name, the name of the disabled person, the request for extension of COBRA due to a disability, the date the disability began and appropriate documentation in support of the disability including a copy of the written Social Security Administration disability award documentation, **and** that notice must be received by the COBRA Administrator before the end of the 18-month COBRA Continuation period.

2. The cost of COBRA Continuation Coverage during the additional 11-month period of COBRA Continuation Coverage may be 50% higher than the cost for coverage during the first 18-month period.
3. The COBRA Administrator must also be notified within 30 days of the determination by the Social Security Administration that you are no longer disabled.

Early Termination of COBRA Continuation Coverage

Once COBRA Continuation Coverage has been elected, it may be cut short (terminated early) on the occurrence of any of the following events:

1. The date the contribution payment amount due for COBRA coverage is **not paid in full and on time**;
2. The date the Qualified Beneficiary becomes entitled to Medicare (Part A, Part B or both) after electing COBRA;
3. The date, after the date of the COBRA election, on which the Qualified Beneficiary first becomes covered under another group health plan.
IMPORTANT: The Qualified Beneficiary must notify this Plan as soon as possible once they become aware that they will become covered under another group health plan, by contacting the COBRA Administrator.
COBRA coverage under this Plan ends on the the last day of the month prior to the month in which the Qualified Beneficiary is covered under the other group health plan.
4. During an extension of the maximum COBRA coverage period to 29 months due to the disability of the Qualified Beneficiary, the disabled beneficiary is determined by the Social Security Administration to no longer be disabled;
5. The date the Plan has determined that the Qualified Beneficiary must be terminated from the Plan for cause (on the same basis as would apply to similarly situated non-COBRA participants under the Plan).
6. The date the employer no longer provides group health coverage to any of its employees;

Notice of Early Termination of COBRA Continuation Coverage

The Plan will notify a Qualified Beneficiary if COBRA coverage terminates earlier than the end of the maximum period of coverage applicable to the Qualifying Event that entitled the individual to COBRA coverage. This written notice will explain the reason COBRA terminated earlier than the maximum period, the date COBRA coverage terminated and any rights the Qualified Beneficiary may have under the Plan to elect alternate or conversion coverage. The notice will be provided as soon

as practicable after the COBRA Administrator determines that COBRA coverage will terminate early.

Once COBRA coverage terminates early it cannot be reinstated.

No Entitlement to Convert to an Individual Health Plan after COBRA Ends

There is no opportunity to convert to an individual health plan after COBRA ends under this Plan.

Appealing an Adverse Determination Related to COBRA

If an individual receives an adverse determination (denial) related to a request for eligibility for COBRA (such as with a Notice of Unavailability of COBRA), a request for extension of COBRA for a disability, a request for extension of COBRA for a second qualifying event, or a notice of early termination of COBRA, the individual is permitted to appeal to the Plan. To request an appeal, follow this process:

- a) Send a written request for an appeal to the COBRA Administrator within 60 days of the date you received the adverse determination letter.
- b) Explain why you disagree with the adverse determination.
- c) Provide any additional information you want considered during the appeal process.
- d) Include the most current name and address of each individual affected by the adverse determination.

The COBRA Administrator will respond in writing to this appeal within 60 days of the Plan's receipt of the request for appeal. The appeal response will be sent to the address provided by the individual. This concludes the COBRA appeal process.

Note that a claim for reimbursement of health expenses would follow the Plan's usual claim appeal process for post-service claims.

COBRA Questions or To Give Notice of Changes in Your Circumstances

If you have any questions about your COBRA rights, please contact the COBRA Administrator at:

COBRA Administrator
625 W. Idaho St
Boise ID 83702
208-972-8100

Also, remember that to avoid loss of any of your rights to obtain or continue COBRA Continuation Coverage, you must notify the COBRA Administrator:

1. within 31 days of a **change in marital status (e.g. marry, divorce); or have a new dependent child;** or
2. within 60 days of the date you or a covered dependent Spouse or child has been determined to be **totally and permanently disabled** by the Social Security Administration; or

3. within 60 days if a covered child **ceases to be a “dependent child”** as that term is defined by the Plan; or
4. promptly if an individual has **changed their address, becomes entitled to Medicare, or is no longer disabled.**

FMLA and COBRA: Taking a leave under the Family & Medical Leave Act (FMLA) is not a COBRA Qualifying Event. A Qualifying Event can occur **after** the FMLA period expires, **if** the employee does not return to work and thus loses coverage under their group health plan. Then, the COBRA period is measured from the date of the Qualifying Event—in most cases, the last day of the FMLA leave. Note that if the employee notifies the employer that they are not returning to employment prior to the expiration of the maximum FMLA 12-week (or in some cases 26 week) period, a loss of coverage could occur earlier.

- e) Longer or Shorter Length of Coverage. The Contract that covered the Participant as an employee, member, policyholder, subscriber, or retiree longer is the Primary Contract and the Contract that covered the Participant the shorter period of time is the Secondary Contract.
- f) If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Contracts meeting the definition of Contract. In addition, This Contract will not pay more than it would have paid had it been the Primary Contract.

C. Effect On The Benefits Of This Contract

1. When This Contract is secondary, it may reduce its benefits so that the total benefits paid or provided by all Contracts during a Contract year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Contract will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Contract that is unpaid by the Primary Contract. The Secondary Contract may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Contract, the total benefits paid or provided by all Contracts for the claim do not exceed the total Allowable Expenses for that claim. In addition, the Secondary Contract shall credit to its Contract deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
2. If a covered person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Contract and other Closed Panel Plans.

D. Facility Of Payment

A payment made under another Contract may include an amount that should have been paid under This Contract. If it does, BCI may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Contract. BCI will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

E. Right Of Recovery

If the amount of the payments made by BCI is more than it should have paid under this COB provision, it may recover the excess from one or more of the Participants it has paid or for whom it has paid; or any other Participant or organization that may be responsible for the benefits or services provided for the covered Participant. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

XIV. Benefits for Medicare Eligibles Who Are Covered Under this Plan

- A.** If the Group has twenty (20) or more employees, any Eligible Employee or spouse of an Eligible Employee who becomes or remains a Participant of the Group covered by this Plan after becoming eligible for Medicare (due to reaching age sixty-five (65)) is entitled to receive the benefits of this Plan as primary.
- B.** If the Group has one hundred (100) or more employees or the Group is an organization which includes an employer with one hundred (100) or more employees, any Eligible Employee, spouse of an Eligible Employee or dependent child of an Eligible Employee who becomes or remains a Participant of the Group covered by this Plan after becoming eligible for Medicare due to disability is entitled to receive the benefits of this Plan as primary.
- C.** A Participant eligible for Medicare based solely on end stage renal Disease is entitled to receive the benefits of this Plan as primary for eighteen (18) months only, beginning with the month of Medicare entitlement, if Medicare entitlement is effective before March 1, 1996. If Medicare entitlement is effective on or after March 1, 1996, the Participant is entitled to receive the benefits of this Plan as primary for thirty (30) months only, beginning with the month of Medicare entitlement. Medicare is secondary during the 30-month period, known as the coordination period. When this Plan is primary, it pays in accordance with the terms of this Plan. In certain circumstances, such as when using a Noncontracting Provider, Participants may be responsible for amounts in excess of the Maximum Allowance. Medicare does not typically permit billing for amounts in excess of the Maximum Allowance, when it is primary. Participants should contact Medicare for more information about their options.
- D.** The Group's retirees, if covered under this Plan, and Eligible Employees or spouses of Eligible Employees (if a Participant) who are not subject to paragraphs A., B. or C. of this provision and who are Medicare eligible, will receive the benefits of this Plan reduced by any benefits available under Medicare. This applies even if the Participant fails to enroll in Medicare or does not claim the benefits available under Medicare.

XV. Incorporated By Reference

All of the terms, limitations and exclusions of coverage contained in this Plan are incorporated by reference into all sections, endorsements, riders, and Amendments and are as effective as if fully expressed in each one unless specifically noted to the contrary.

XVI. Inquiry And Appeals Procedures

If the Participant's claim for benefits is denied and BCI issues an Adverse Benefit Determination, the Participant must first exhaust any applicable internal appeals process described below prior to pursuing legal action.

A. Informal Inquiry

For any initial questions concerning a claim, a Participant should call or write BCI's Customer Service Department. BCI's phone numbers and addresses are listed on the Explanation of Benefits (EOB) form and in the Contact Information section of this Plan.

B. Formal Appeal

A Participant who wishes to formally appeal a Pre-Service Claim decision by BCI, on behalf of the Plan Administrator, may do so through the following process:

1. A Participant may have an authorized representative pursue a benefit claim or an appeal of an Adverse Benefit Determination on their behalf. BCI requires that a Participant execute BCI's "Appointment of Authorized Representative" form before BCI, on behalf of the Plan Administrator determines that an individual has been authorized to act on behalf of the Participant. The form can be found on BCI's website at www.bcidaho.com.
2. A written appeal must be sent to the Appeals and Grievance Coordinator within one hundred eighty (180) days after receipt of the notice of Adverse Benefit Determination. Urgent claim appeals, and the documents in support of such appeals may be submitted by phone or facsimile. The appeal should set forth the reasons why the Participant contends BCI's

decision was incorrect. Any written comments, documents or other relevant information may be submitted with the appeal.

3. After receipt of the appeal, all facts, including those originally used in making the initial decision and any additional information that is sent or that is otherwise relevant, will be reviewed by a BCI Medical Director or physician designee. For non-urgent claim appeals, BCI will mail a written reply to the Participant within fifteen (15) days after receipt of the written appeal. Urgent claim appeals will be notified orally within seventy-two (72) hours. If the original decision is upheld, the reply will state the specific reasons for denial and the specific provisions on which the decision is based. Each appeal will be processed as quickly as possible taking into account the medical exigencies of each claim.
4. Furthermore, the Participant or their authorized representative has the right to reasonable access to, and copies of all documents, records, and other information that are relevant to the appeal.
5. If the original, non-urgent claim decision is upheld upon reconsideration, the Participant may send an additional written appeal to the Appeals and Grievance Coordinator requesting further review. This appeal must set forth the reasons for requesting additional reconsideration and must be sent within thirty (30) days of BCI's mailing of the initial reconsideration decision. A BCI Medical Director who is not subordinate to the Medical Director or physician designee who decided the initial appeal, will issue a final decision after consideration of all relevant information. A final decision on the appeal will be made within fifteen (15) days of its receipt.

C. A Participant who wishes to formally appeal a Post-Service Claims decision by BCI, on behalf of the Plan Administrator, may do so through the following process:

1. A Participant may have an authorized representative pursue a benefit claim or an appeal of an Adverse Benefit Determination on their behalf. BCI requires that a Participant execute BCI's "Appointment of Authorized Representative" form before BCI, on behalf of the Plan Administrator determines that an individual has been authorized to act on behalf of the Participant. The form can be found on BCI's website at www.bcidaho.com.
2. A written appeal must be sent to the Appeals and Grievance Coordinator within one hundred eighty (180) days after receipt of the notice of Adverse Benefit Determination. This written appeal should set forth the reasons why the Participant contends BCI's decision was incorrect. Any written comments, documents or other relevant information may be submitted with the appeal.
3. After receipt of the written appeal, all facts, including those originally used in making the initial decision and any additional information that is sent or that is otherwise relevant, will be reviewed by a BCI Medical Director, or physician designee if the appeal requires medical judgment. BCI shall mail a written reply to the Participant within thirty (30) days after receipt of the written appeal. If the original decision is upheld, the reply will list the specific reasons for denial and the specific provisions on which the decision is based. Each appeal will be processed as quickly as possible.
4. Furthermore, the Participant or their authorized representative has the right to reasonable access to, and copies of all documents, records, and other information that are relevant to the appeal.
5. If the original decision is upheld upon reconsideration, the Participant may send an additional written appeal to the Appeals and Grievance Coordinator requesting *further review*. This appeal must set forth the reasons for requesting additional reconsideration and must be sent within sixty (60) days of BCI's mailing of the initial reconsideration decision.
 - a. A BCI Medical Director who is not subordinate to the Medical Director or physician designee who decided the initial appeal, will issue a final decision after

consideration of all relevant information, if the appeal requires medical judgment. A final decision on the appeal will be made within thirty (30) days of its receipt and communicated to the Boise Municipal Health Care Trust.

- b. If the appeal does not require medical judgment, a final decision on the appeal will be made within thirty (30) days of its receipt by BCI on behalf of the Boise Municipal Health Care Trust.

D. Participant's Rights to an Independent External Review

Please read this carefully. It describes a procedure for review of a disputed health claim by a qualified professional who has no affiliation with BCI. If a Participant or their authorized representative requests an independent external review of a claim, the decision made by the independent reviewer will be binding and final on the Plan.

If BCI, on behalf of the Plan Administrator, issues a final Adverse Benefit Determination of a Participant's request to provide or pay for a health care service or supply, a Participant may have the right to have BCI's decision reviewed by health care professionals who have no association with BCI. A Participant has this right only if BCI's denial decision involved:

- The Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of a Participant's health care service or supply, or
- BCI's determination that a Participant's health care service or supply was Investigational.

A Participant must first exhaust BCI's internal grievance and appeal process. Exhaustion of that process includes completing all levels of appeal. Exhaustion of the appeals process is not required if BCI failed to respond to a standard appeal within thirty-five (35) days in writing or to an urgent appeal within three business days of the date the Participant filed the appeal, unless the Participant requested or agreed to a delay. BCI may also agree to waive the exhaustion requirement for an external review request. The Participant may file for an internal urgent appeal with BCI and for an expedited external review with the Idaho Department of Insurance at the same time if the Participant's request qualifies as an "urgent care request" defined below.

A Participant may submit a written request for an external review to:

Idaho Department of Insurance
ATTN: External Review
700 W State St, 3rd Floor
Boise ID 83720-0043

For more information and for an external review request form:

- See the department's web site, www.doi.idaho.gov, or
- Call the department's telephone number, (208) 334-4250, or toll-free in Idaho, 1-800-721-3272.

A Participant may act as their own representative in a request or a Participant may name another person, including a Participant's treating health care provider, to act as an authorized representative for a request. If a Participant wants someone else to represent them, a Participant must include a signed BCI's "Appointment of an Authorized Representative" form with the request before BCI, on behalf of the Plan Administrator, determines that an individual has been authorized to act on behalf of the Participants. The form can be found on BCI's Web site www.bcidaho.com. A Participant's written external review request to the Department of Insurance must include a completed form authorizing the release of any medical records the independent review organization may require to reach a decision on the external review. The department will not act on an external review request without a Participant's completed authorization form. If the request qualifies for external review, BCI's final Adverse Benefit Determination will be reviewed by an independent review organization selected by the Department of Insurance. The Plan Administrator will pay the costs of the review.

Standard External Review Request: A Participant must file a written external review request with the Department of Insurance within four (4) months after the date BCI issues a final notice of denial.

1. Within seven (7) days after the Department of Insurance receives the request, the Department of Insurance will send a copy to BCI.
2. Within fourteen (14) days after BCI receives the request from the Department of Insurance, we will review the request for eligibility. Within five (5) business days after BCI completes that review, we will notify the Participant and the Department of Insurance in writing if the request is eligible or what additional information is needed. If BCI denies the eligibility for review, the Participant may appeal that determination to the Department.
3. If the request is eligible for review, the Department of Insurance will assign an independent review organization to your review within seven (7) days of receipt of BCI's notice. The Department of Insurance will also notify the Participant in writing.
4. Within seven (7) days of the date you receive the Department of Insurance's notice of assignment to an independent review organization, the Participant may submit any additional information in writing to the independent review organization that they want the organization to consider in its review.
5. The independent review organization must provide written notice of its decision to the Participant, BCI and to the Department of Insurance within forty-two (42) days after receipt of an external review request.

Expedited External Review Request: A Participant may file a written "urgent care request" with the Department of Insurance for an expedited external review of a pre-service or concurrent service denial. The Participant may file for an internal urgent appeal with BCI and for an expedited external review with the Idaho Department of Insurance at the same time.

"Urgent care request" means a claim relating to an admission, availability of care, continued stay or health care service for which the covered person received emergency services but has not been discharged from a facility, or any Pre-Service Claim or concurrent care claim for medical care or treatment for which application of the time periods for making a regular external review determination:

1. Could seriously jeopardize the life or health of the Participant or the ability of the Participant to regain maximum function;
2. In the opinion of the Provider with knowledge of the covered person's medical condition, would subject the Participant to severe pain that cannot be adequately managed without the disputed care or treatment; or
3. The treatment would be significantly less effective if not promptly initiated.

The Department of Insurance will send your request to us. BCI will determine, no later than the second (2nd) full business day, if the request is eligible for review. BCI will notify the Participant and the Department of Insurance no later than one (1) business day after BCI's decision if the request is eligible. If BCI denies the eligibility for review, the Participant may appeal that determination to the Department of Insurance.

If the request is eligible for review, the Department of Insurance will assign an independent review organization to the review upon receipt of BCI's notice. The Department of Insurance will also notify the Participant. The independent review organization must provide notice of its decision to the Participant, BCI and to the Department of Insurance within seventy-two (72) hours after the date of receipt of the external review request. The independent review organization must provide written confirmation of its decision within forty-eight (48) hours of notice of its decision. If the decision reverses BCI's denial, BCI will notify the Participant and the Department of Insurance of BCI's intent to pay for the covered benefit as soon as reasonably practicable, but not later than one (1) business day after receiving notice of the decision.

Binding Nature of the External Review Decision:

The external review decision by the independent review organization will be final and binding on the Trust and Participant. **This means that if the Participant elects to request external review, the Participant will be bound by the decision of the independent review organization. The Participant will not have any further opportunity for review of BCI's denial after the**

independent review organization issues its final decision. If the Participant chooses not to use the external review process, other options for resolving a disputed claim may include mediation, arbitration or filing an action in court.

Under Idaho law, the independent review organization is immune from any claim relating to its opinion rendered or acts or omissions performed within the scope of its duties unless performed in bad faith or involving gross negligence.

XVII. Reimbursement Of Benefits Paid By Mistake

If BCI mistakenly makes payment for benefits on behalf of an Enrollee or his or her Eligible Dependent(s) that the Enrollee or his or her Eligible Dependent(s) is not entitled to under this Plan, the Enrollee must reimburse the erroneous payment to BCI, on behalf of the Plan Administrator.

The reimbursement is due and payable as soon as BCI notifies the Enrollee and requests reimbursement. BCI, on behalf of the Plan Administrator, may also recover such erroneous payment from any other person or Provider to whom the payments were made. If reimbursement is not made in a timely manner, BCI, on behalf of the Plan Administrator, may reduce benefits or reduce an allowance for benefits as a set-off toward reimbursement.

Even though BCI, on behalf of the Plan Administrator, may elect to continue to provide benefits after mistakenly paying benefits, BCI, on behalf of the Plan Administrator, may still enforce this provision. This provision is in addition to, not instead of, any other remedy BCI, on behalf of the Plan Administrator, may have at law or in equity.

XVIII. Subrogation and Reimbursement Rights of Blue Cross of Idaho

The benefits of this Plan will be available to a Participant when he or she is injured, suffers harm or incurs loss due to any act, omission, or defective or unreasonably hazardous product or service of another person, firm, corporation or entity (hereinafter referred to as "third party"). To the extent that such benefits for Covered Services are provided or paid for by Blue Cross of Idaho, on behalf of the Plan Administrator under this Plan or any other Blue Cross of Idaho plan, agreement, certificate, contract or plan, Blue Cross of Idaho, on behalf of the Plan Administrator shall be subrogated and succeed to the rights of the Participant or, in the event of the Participant's death, to the rights of his or her heirs, estate, and/or personal representative.

As a condition of receiving benefits for Covered Services in such an event, the Participant or his or her personal representative shall furnish Blue Cross of Idaho in writing with the names, addresses, and contact information of the third party or parties that caused or are responsible, or may have caused or may be responsible for such injury, harm or loss, and all facts and information known to the Participant or his or her personal representative concerning the injury, harm or loss. In addition, the Participant shall furnish the name and contact information of the liability insurer and its adjuster of the third party, including the policy number, of any liability insurance that covers, or may cover, such injury, harm, or loss.

Blue Cross of Idaho, on behalf of the Plan Administrator may at its option elect to enforce either or both of its rights of subrogation and reimbursement.

Subrogation is taking over the Participant's right to receive payments from other parties. The Participant or his or her legal representative will transfer to Blue Cross of Idaho, on behalf of the Plan Administrator any rights he or she may have to take legal action arising from the injury, harm or loss to recover any sums paid on behalf of the Participant. Thus, Blue Cross of Idaho, on behalf of the Plan Administrator may initiate litigation at its sole discretion, in the name of the Participant, against any third party or parties. Furthermore, the Participant shall fully cooperate with Blue Cross of Idaho in its investigation, evaluation, litigation and/or collection efforts in connection with the injury, harm or loss and shall do nothing whatsoever to prejudice Blue Cross of Idaho's subrogation rights and efforts. Blue Cross of Idaho, on behalf of the Plan Administrator will be reimbursed in full for all benefits paid even if the Participant is not made whole or fully compensated by the recovery. Moreover, Blue Cross of Idaho and the Plan Administrator are not responsible for any attorney's fees, other expenses or costs incurred by the Participant without the prior written consent of Blue Cross of Idaho and, therefore, the "common fund" doctrine does not apply to any amounts recovered by any attorney the Participant hires regardless of whether amounts recovered are used to repay benefits paid by Blue Cross of Idaho, on behalf of the Plan Administrator.

Additionally, Blue Cross of Idaho, on behalf of the Plan Administrator may at its option elect to enforce its right of reimbursement from the Participant, or his or her legal representative, of any benefits paid from monies recovered as a result of the injury, harm or loss. The Participant shall fully cooperate with Blue Cross of Idaho, on behalf of the Plan Administrator in its investigation, evaluation, litigation and/or collection efforts in connection with the injury, harm or loss and shall do nothing whatsoever to prejudice the Plans reimbursement rights and efforts.

The Participant shall pay Blue Cross of Idaho, on behalf of the Plan Administrator as the first priority, and Blue Cross of Idaho shall have a constructive trust and an equitable lien on, all amounts from any recovery by suit, settlement or otherwise from any third party or parties or from any third party's or parties' insurer(s), indemnitor(s) or underwriter(s), to the extent of benefits provided by Blue Cross of Idaho, on behalf of the Plan Administrator under this Plan, regardless of how the recovery is allocated (i. e., pain and suffering) and whether the recovery makes the Participant whole. Thus, Blue Cross of Idaho will be reimbursed by the Participant, or his or her legal representative, from monies recovered as a result of the injury, harm or loss, for all benefits paid even if the Participant is not made whole or fully compensated by the recovery. Moreover, Blue Cross of Idaho and the Plan Administrator are not responsible for any attorney's fees, other expenses or costs incurred by the Participant without the prior written consent of Blue Cross of Idaho and, therefore, the "common fund" doctrine does not apply to any amounts recovered by any attorney the Participant hires regardless of whether amounts recovered are used to repay benefits paid by Blue Cross of Idaho, on behalf of the Plan Administrator.

To the extent that Blue Cross of Idaho, on behalf of the Plan Administrator provides or pays benefits for Covered Services, Blue Cross of Idaho's rights of subrogation and reimbursement extend to any right the Participant has to recover from the Participant's insurer, or under the Participant's "Medical Payments" coverage or any "Uninsured Motorist," "Underinsured Motorist," or other similar coverage provisions, and workers' compensation benefits.

Blue Cross of Idaho, on behalf of the Plan Administrator shall have the right, at its option, to seek reimbursement from, or enforce its right of subrogation against, the Participant, the Participant's personal representative, a special needs trust, or any trust, person or vehicle that holds any payment or recovery from or on behalf of the Participant including the Participant's attorney.

Blue Cross of Idaho's subrogation and reimbursement rights shall take priority over the Participant's rights both for benefits provided and payments made by Blue Cross of Idaho, and for benefits to be provided or payments to be made by Blue Cross of Idaho in the future on account of the injury, harm or loss giving rise to Blue Cross of Idaho's subrogation and reimbursement rights. Further, the Plan's subrogation and reimbursement rights for such benefits and payments provided or to be provided are primary and take precedence over the rights of the Participant, even if there are deficiencies in any recovery or insufficient financial resources available to the third party or parties to totally satisfy all of the claims and judgments of the Participant and Blue Cross of Idaho.

Collections or recoveries made by a Participant for such injury, harm or loss in excess of such benefits provided and payments made shall first be allocated to such future benefits and payments that would otherwise be owed by the Plan on account of the injury, harm or loss giving rise to Blue Cross of Idaho's subrogation and reimbursement rights, and shall constitute a Special Credit applicable to such future benefits and payments that would otherwise be owed by this Plan, or any subsequent Plan provided by this Plan Sponsor. Thereafter, Blue Cross of Idaho, on behalf of the Plan Administrator, shall have no obligation to provide any further benefits or make any further payment until the Participant has incurred medical expenses in treatment of such injury, harm or loss equal to such Special Credit.

XIX. Statements

In the absence of fraud, all statements made by an applicant, or the planholder, or by an enrolled person shall be deemed representations and not warranties, and no statement made for the purpose of acquiring coverage under the Plan shall void such coverage under the Plan or reduce benefits unless contained in a written instrument signed by the Plan Sponsor or the enrolled person.

XX. Out-of-Area Services Overview

BCI has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Arrangements.” These Inter-Plan Arrangements operate under rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever Participants access healthcare services outside the geographic area BCI serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described generally below.

Typically, when accessing care outside the geographic area BCI serves, Participants obtain care from healthcare Providers that have a contractual agreement (“participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, Participants may obtain care from healthcare Providers in the Host Blue geographic area that do not have a contractual agreement (“nonparticipating Providers”) with the Host Blue. BCI remains responsible for fulfilling its contractual obligations to you. BCI payment practices in both instances are described below.

This disclosure describes how claims are administered for Inter-Plan Arrangements and the fees that are charged in connection with Inter-Plan Arrangements. Note that Dental Care Benefits, except when not paid as medical claims/benefits, and those Prescription Drug Benefits or Vision Care Benefits that may be administered by a third party contracted by BCI to provide the specific service or services are not processed through Inter-Plan Arrangements.

A. BlueCard® Program

The BlueCard® Program is an Inter-Plan Arrangement. Under this Arrangement, when Participants access Covered Services within the geographic area served by a Host Blue/outside the geographic area BCI serve, the Host Blue will be responsible for contracting and handling all interactions with its participating healthcare Providers. The financial terms of the BlueCard Program are described generally below.

1. Liability Calculation Method Per Claim – In General

a. Participant Liability Calculation

Unless subject to a fixed dollar copayment, the calculation of the Participant liability on claims for Covered Services will be based on the lower of the participating Provider's billed charges for Covered Services or the negotiated price made available to BCI by the Host Blue.

b. The Trust Liability Calculation

The calculation of the Trust liability on claims for Covered Services processed through the BlueCard Program will be based on the negotiated price made available to BCI by the Host Blue under the contract between the Host Blue and the Provider. Sometimes, this negotiated price may be greater for a given service or services than the billed charge in accordance with how the Host Blue has negotiated with its participating healthcare Provider(s) for specific healthcare services. In cases where the negotiated price exceeds the billed charge, the Trust may be liable for the excess amount even when the Participant's deductible has not been satisfied. This excess amount reflects an amount that may be necessary to secure (a) the Provider's participation in the network and/or (b) the overall discount negotiated by the Host Blue. In such a case, the entire contracted price is paid to the Provider, even when the contracted price is greater than the billed charge.

2. Claims Pricing

Host Blues determine a negotiated price, which is reflected in the terms of each Host Blue's Provider contracts. The negotiated price made available to BCI by the Host Blue may be represented by one of the following:

- (i) An actual price. An actual price is a negotiated rate of payment in effect at the time a claim is processed without any other increases or decreases; or
- (ii) An estimated price. An estimated price is a negotiated rate of payment in effect at the time a claim is processed, reduced or increased by a percentage to take into account certain payments negotiated with the Provider and other claim- and non-claim-related transactions. Such transactions may include, but are not limited to, anti-fraud and abuse recoveries, Provider refunds not applied on a claim-specific basis, retrospective settlements and performance-related bonuses or incentives; or
- (iii) An average price. An average price is a percentage of billed charges for Covered Services in effect at the time a claim is processed representing the aggregate payments negotiated by the Host Blue with all of its healthcare Providers or a similar classification of its Providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

The Host Blue determines whether it will use an actual, estimated or average price. The use of estimated or average pricing may result in a difference (positive or negative) between the price the Trust pay on a specific claim and the actual amount the Host Blue pays to the Provider. However, the BlueCard Program requires that the amount paid by the Participant and the Trust is a final price; no future price adjustment will result in increases or decreases to the pricing of past claims.

Any positive or negative differences in estimated or average pricing are accounted for through variance accounts maintained by the Host Blue and are incorporated into future claim prices. As a result, the amounts charged to the Trust will be adjusted in a following year, as necessary, to account for over- or underestimation of the past years' prices. The Host Blue will not receive compensation from how the estimated price or average price methods, described above, are calculated. Because all amounts paid are final, neither positive variance account amounts (funds available to be paid in the following year), nor negative variance amounts (the funds needed to be received in the following year), are due to or from the Trust. If the Trust terminate, you will not receive a refund or charge from the variance account.

Variance account balances are small amounts relative to the overall paid claims amounts and will be liquidated over time. The timeframe for their liquidation depends on variables, including, but not limited to, overall volume/number of claims processed and variance account balance. Variance account balances may earn interest at the federal funds or similar rate. Host Blues may retain interest earned on funds held in variance accounts.

3. BlueCard Program Fees and Compensation

The Trust understands and agrees to reimburse BCI for certain fees and compensation which BCI are obligated under the BlueCard Program to pay to the Host Blues, to the Association and/or to vendors of BlueCard Program-related services. The specific BlueCard Program fees and compensation that are charged to the Trust are set forth in Exhibit X. BlueCard Program Fees and compensation may be revised from time to time as described in section F. below.

B. Return of Overpayments

Recoveries from a Host Blue or its participating and nonparticipating Providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, audits/healthcare Provider/hospital bill audits, credit balance audits, utilization review refunds and unsolicited refunds. Recoveries will be applied so that corrections will be made, in general, on either a claim-by-claim or prospective basis. If recovery amounts are passed on a claim-by-claim basis from a Host Blue to BCI they will be credited to the Trust account. In some cases, the Host Blue will engage a third party to assist in identification or collection of recovery amounts. The fees of such a third party may be charged to the Trust as a percentage of the recovery.

Unless otherwise agreed to by the Host Blue, for retroactive cancellations of membership, BCI will request the Host Blue to provide full refunds from participating healthcare Providers for a period of only one year after the date of the Inter-Plan financial settlement process for the original claim. For Care Coordinator Fees associated with Value-Based Programs, BCI will request such refunds for a period of only up to ninety (90) days from the termination notice transaction on the payment innovations delivery platform. In some cases, recovery of claim payments associated with a retroactive cancellation may not be possible if, as an example, the recovery (a) conflicts with the Host Blue's state law or healthcare Provider contracts, (b) would result from Shared Savings and/or Provider Incentive arrangements or (c) would jeopardize the Host Blue's relationship with its participating healthcare Providers, notwithstanding to the contrary any other provision of this Plan.

C. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

In some instances federal or state laws or regulations may impose a surcharge, tax or other fee that applies to self-funded accounts. If applicable, BCI will disclose any such surcharge, tax or other fee to the Trust, which will be the Trust liability.

D. Nonparticipating Providers Outside BCI Service Area

Please refer to the Additional Amount of Payment Provisions section in this Plan.

E. Blue Cross Blue Shield Global Core

1. General Information

If Participants are outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands (hereinafter: "BlueCard service area"), they may be able to take advantage of BCBS Global Core when accessing Covered Services. BCBS Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although BCBS Global Core assists Participants with accessing a network of Inpatient, outpatient and professional Providers, the network is not served by a Host Blue. As such, when Participants receive care from Providers outside the BlueCard service area, the Participants will typically have to pay the Providers and submit the claims themselves to obtain reimbursement for these services.

• Inpatient Services

In most cases, if Participants contact the BCBS Global Core Service Center for assistance, hospitals will not require Participants to pay for covered Inpatient services, except for their deductibles, Cost-sharing, etc. In such cases, the hospital will submit Participant claims to the BCBS Global Core service center to initiate claims processing. However, if the Participant paid in full at the time of service, the Participant must submit a claim to obtain reimbursement for Covered Services. **Participants must contact Blue Cross of Idaho to obtain precertification for non-emergency Inpatient services.**

• Outpatient Services

Physicians, urgent care centers and other outpatient Providers located outside the BlueCard service area will typically require Participants to pay in full at the time of service. Participants must submit a claim to obtain reimbursement for Covered Services.

- **Submitting a BCBS Global Core Claim**

When Participants pay for Covered Services outside the BlueCard service area, they must submit a claim to obtain reimbursement. For institutional and professional claims, Participants should complete a BCBS Global Core claim form and send the claim form with the Provider's itemized bill(s) to the BCBS Global Core service center address on the form to initiate claims processing. The claim form is available from Blue Cross of Idaho, the BCBS Global Core service center, or online at www.bcbsglobalcore.com. If Participants need assistance with their claim submissions, they should call the BCBS Global Core service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

2. BCBS Global Core-Related Fees

The Group understands and agrees to reimburse Blue Cross of Idaho for certain fees and compensation which we are obligated under applicable Inter-Plan Arrangement requirements to pay to the Host Blues, to the Association and/or to vendors of Inter-Plan Arrangement-related services. The specific fees and compensation that are charged to the Group under BCBS Global Core are set forth in Exhibit X. Fees and compensation under applicable Inter-Plan Arrangements may be revised from time to time as provided for in section F. below.

F. Modifications or Changes to Inter-Plan Arrangement Fees or Compensation

Modifications or changes to Inter-Plan Arrangement fees are generally made effective Jan. 1 of the calendar year, but they may occur at any time during the year. In the case of any such modifications or changes, BCI shall provide the Trust with at least thirty (30) days' advance written notice of any modification or change to such Inter-Plan Arrangement fees or compensation describing the change and the effective date thereof and the Trust right to terminate this Agreement without penalty by giving written notice of termination before the effective date of the change. If the Trust fails to respond to the notice and does not terminate this Agreement during the notice period, the Trust will be deemed to have approved the proposed changes, and BCI will then allow such modifications to become part of this Agreement.

XXI. Individual Benefits Management

Individual Benefits Management allows BCI to provide alternative benefits in place of specified Covered Services when alternative benefits allow the Participant to achieve optimum health care in the most cost-effective way.

The decision to allow alternative benefits will be made by BCI in its sole and absolute discretion on a case-by-case basis. BCI may allow alternative benefits in place of specified Covered Services when a Participant, or the Participant's legal guardian and his or her Physician concur in the request for and the advisability of alternative benefits. BCI reserves the right to modify, limit, or cease providing alternative benefits at any time.

A determination to cover alternative benefits for a Participant shall not be deemed to waive, alter, or affect BCI's right to reject any other requests or recommendations for alternative benefits.

XXII. Coverage And Benefits Determination

BCI is vested with authority and discretion to determine eligibility for coverage and whether a claim for benefits is covered under the terms of this Plan, based on all the terms and provisions set forth in this Plan, and also to determine the amount of benefits owed on claims which are covered.

XXIII. Health Care Providers Outside the United States

The benefits available under this Plan are also available to Participants traveling or living outside the United States. The Inpatient Notification and Prior Authorization requirements will apply. If the Provider is a Contracting Provider with BlueCard, the Contracting Provider will submit claims for reimbursement on behalf of the Participant. Reimbursement for Covered Services will be made directly to the Contracting Provider. If the Health Care Provider does not participate with BlueCard, the Participant will be responsible for payment of services and submitting a claim for reimbursement to BCI. BCI will require the original claim along with an English translation. It is the Participant's responsibility to provide this information.

BCI will reimburse covered Prescription Drugs purchased outside the United States by Participants who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Participants are traveling and new drug therapy is initiated for acute conditions or where emergency replacement of drugs originally prescribed and purchased in the United States is necessary. The reimbursable supply of drugs in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

Finally, there are no benefits for services, supplies, drugs or other charges that are provided outside the United States, which if had been provided in the United States, would not be a Covered Service under this Plan.

PRENATAL EDUCATION PROGRAM ENDORSEMENT

Program Goal: To promote healthy prenatal care through education to expectant mothers. Blue Cross of Idaho provides this program to any employee, or spouse, who is pregnant. The program provides members with information about nutrition, exercise, prenatal care, and child care information to help maintain a healthy pregnancy and to deliver a healthy baby.

1. Enrolling in the Program

An expectant mother who wishes to participate in the Bright Beginnings program and be eligible for the incentive must enroll during the first three- (3) months (the first trimester) of her pregnancy. Even if the expectant mother is past the first trimester, Blue Cross of Idaho will send a gift of the *Mayo Clinic Guide to a Healthy Pregnancy*. Simply call Bright Beginnings at (208) 387-6999 or (800) 741-1871.

2. The Program Includes

Upon enrollment, the expectant mother will receive the *Mayo Clinic Guide to a Healthy Pregnancy* as a gift from Blue Cross of Idaho. The gift will be mailed to the expectant mother along with a prenatal care card, which is used for the incentive portion of the program. The physician or licensed midwife must sign the prenatal care card at each prenatal visit. After delivery, the mother must return the care card to Blue Cross of Idaho in the envelope provided within 6 months and indicate which of the following she would like to receive as her incentive gift:

- A \$50 gift card, or
- Reimbursement up to \$50 toward the purchase of a car seat (if this gift is selected, the purchase receipt for the car seat must be mailed with the completed prenatal care card to Blue Cross of Idaho).

Upon completion, the mother will also receive the book, *What to Expect – The First Year*.

3. Remember

The first step is to call Bright Beginnings at (208) 387-6999 or (800) 741-1871. The expectant mother must register for the program within the first three (3) months of her pregnancy, see her physician or licensed midwife throughout her pregnancy, and return the care card which documents her physician or licensed midwife visits in order to be eligible for the selected incentive gift.

4. Important Note

This program should not be construed to replace prenatal medical care. All treatment decisions about medical care rest exclusively with the expectant mother and her physician, or licensed midwife. The Bright Beginnings program does not grant, or change, any medical policy coverage. All claims submitted to Blue Cross of Idaho will be administered in accordance with the applicable medical policy.
