aThe Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the contribution) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go to https://regence.com or call 1 (866) 240-9580. For general definitions of common terms, such as allowed amount, balance billing, cost-sharing, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at healthcare.gov/sbc-glossary or call 1 (866) 240-9580 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Preferred provider and participating provider: $0 individual per calendar year. Non-participating provider: $500 individual per calendar year.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. All services provided by preferred providers or participating providers, certain preventive care, and those services listed below as "deductible does not apply." "No charge" means $0 copayment or 0% cost-sharing, regardless of deductible applicability.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or cost-sharing may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$1,500 individual / $1,500 family per calendar year.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Contributions, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See https://regence.com/go/ID/Preferred or call 1 (866) 240-9580 for a list of network providers.	You pay the least if you use a provider in the preferred network. You pay more if you use a provider in the participating network. You will pay the most if you use a non-participating provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use a non-participating provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **cost-sharing** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and cost-sharing) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
