

Delta Dental Plan works like the medical plan PPO. You may visit any licensed dentist; however, you will get the maximum benefit if you visit an in-network provider. When you visit an out-of-network provider, you may pay a higher deductible and/ or coinsurance. Delta Dental now offers the Health through Oral Wellness (HOW) program. By having your dentist perform a simple risk assessment, you may have access to additional preventive and health-sustaining benefits. **Services paid at percentages below until annual maximum is hit.

No deductibles to pay before your dental benefit applies, no annual maximum to your dental benefit, you pay a low premium, and you may only receive services from Willamette Dental Group providers.
